« Tourism » an expert with specific expertise in the field of national and international economic macro phenomena and in the field of civil & fiscal legislation, in addition to specific skills in the field of companies

and, for the next year we have a brand-new course:

« International relationships

« Agricultural and Rural Development »
an expert with skills related to the development, production and marketing of agricultural and agro-industrial products

CARBONIA,

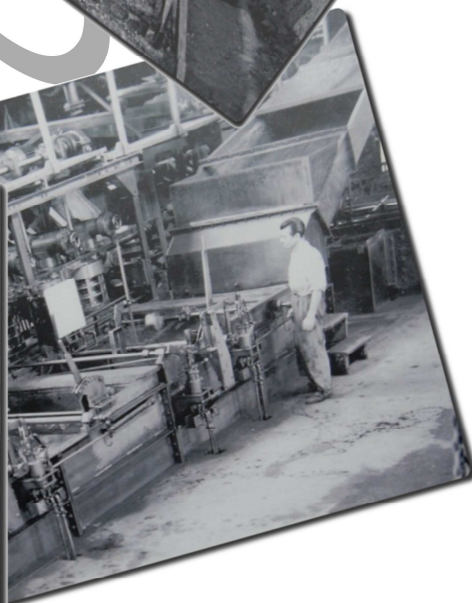

a special town ...

... in a special island

**was built in 1938
(during the fascist period)
in the middle
of a coal mine site**

***Coal Mine '40s - '60s
but ...***

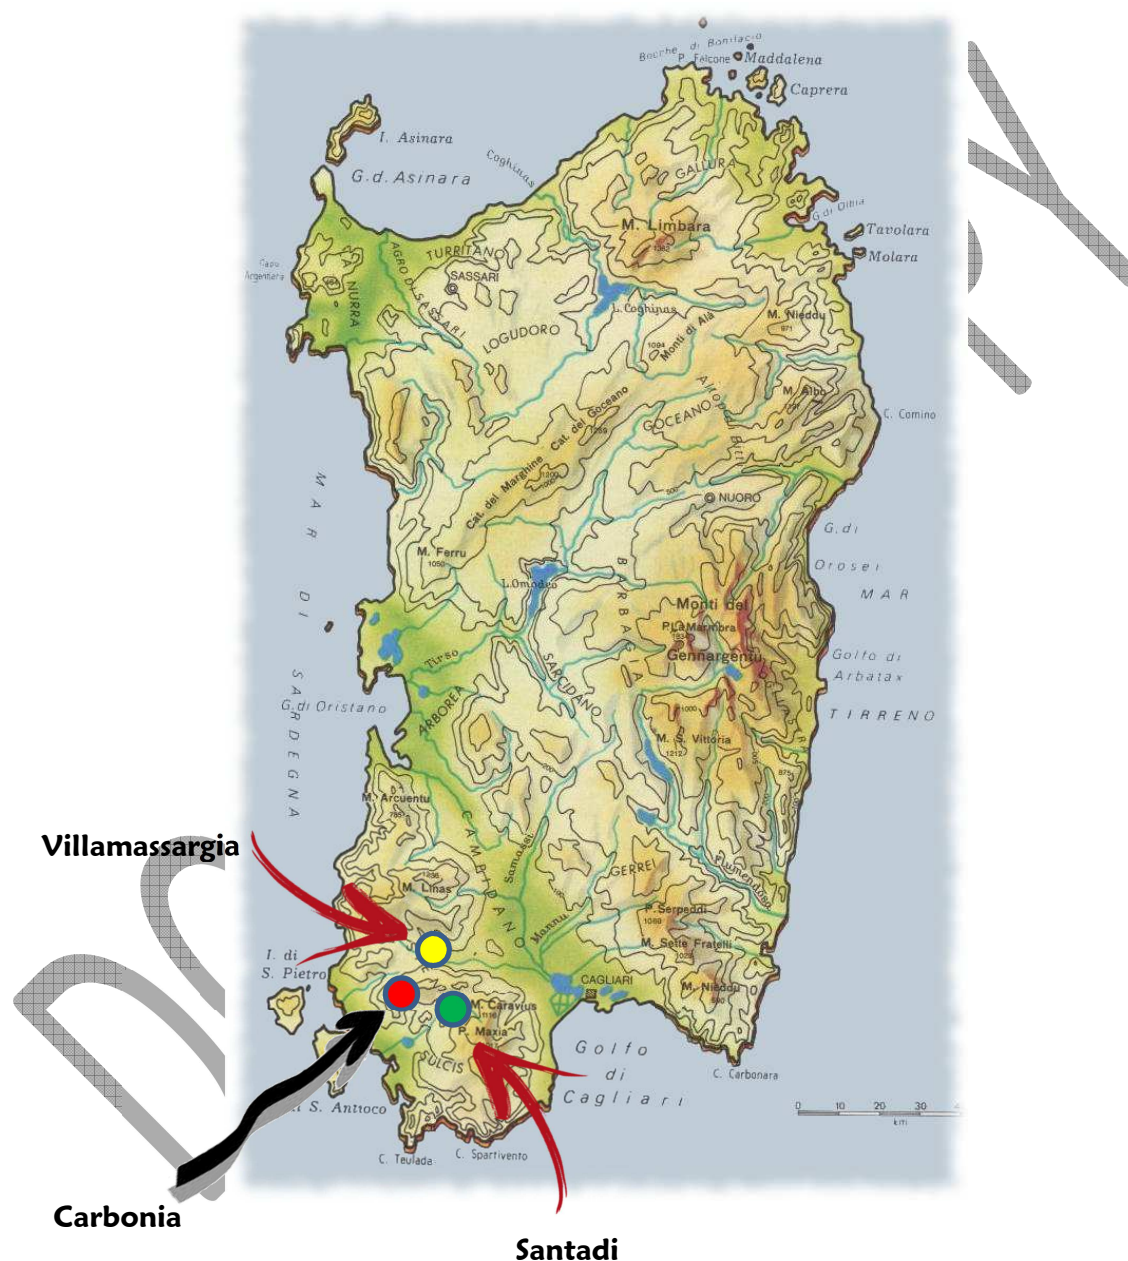

now ...

***INDUSTRIAL
ARCHAEOLOGY***

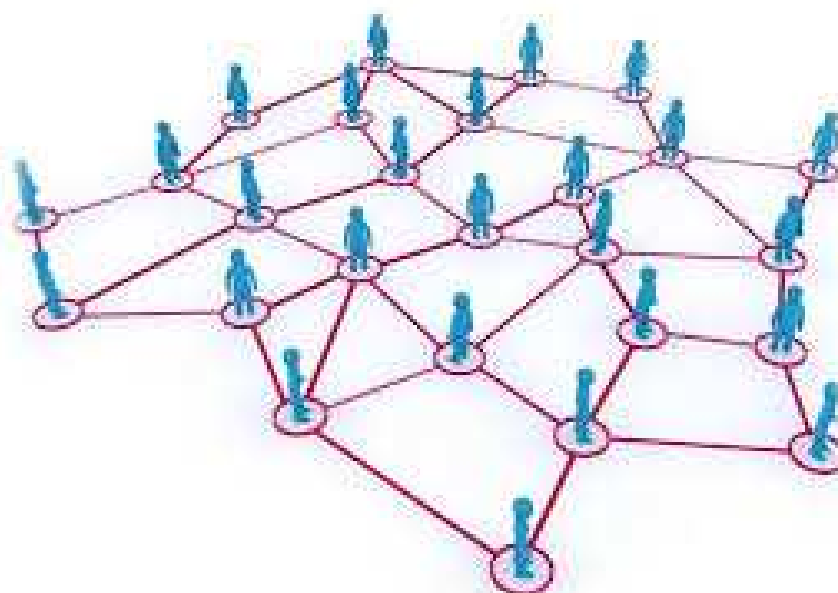

**Our school is made up of 3 “schools”,
situated in the SULCIS area:**

**They offer different
but
complementary courses,
that allow our institute to create an effective ...**

**NETWORK of KNOWLEDGE
and SKILLS
among our students**

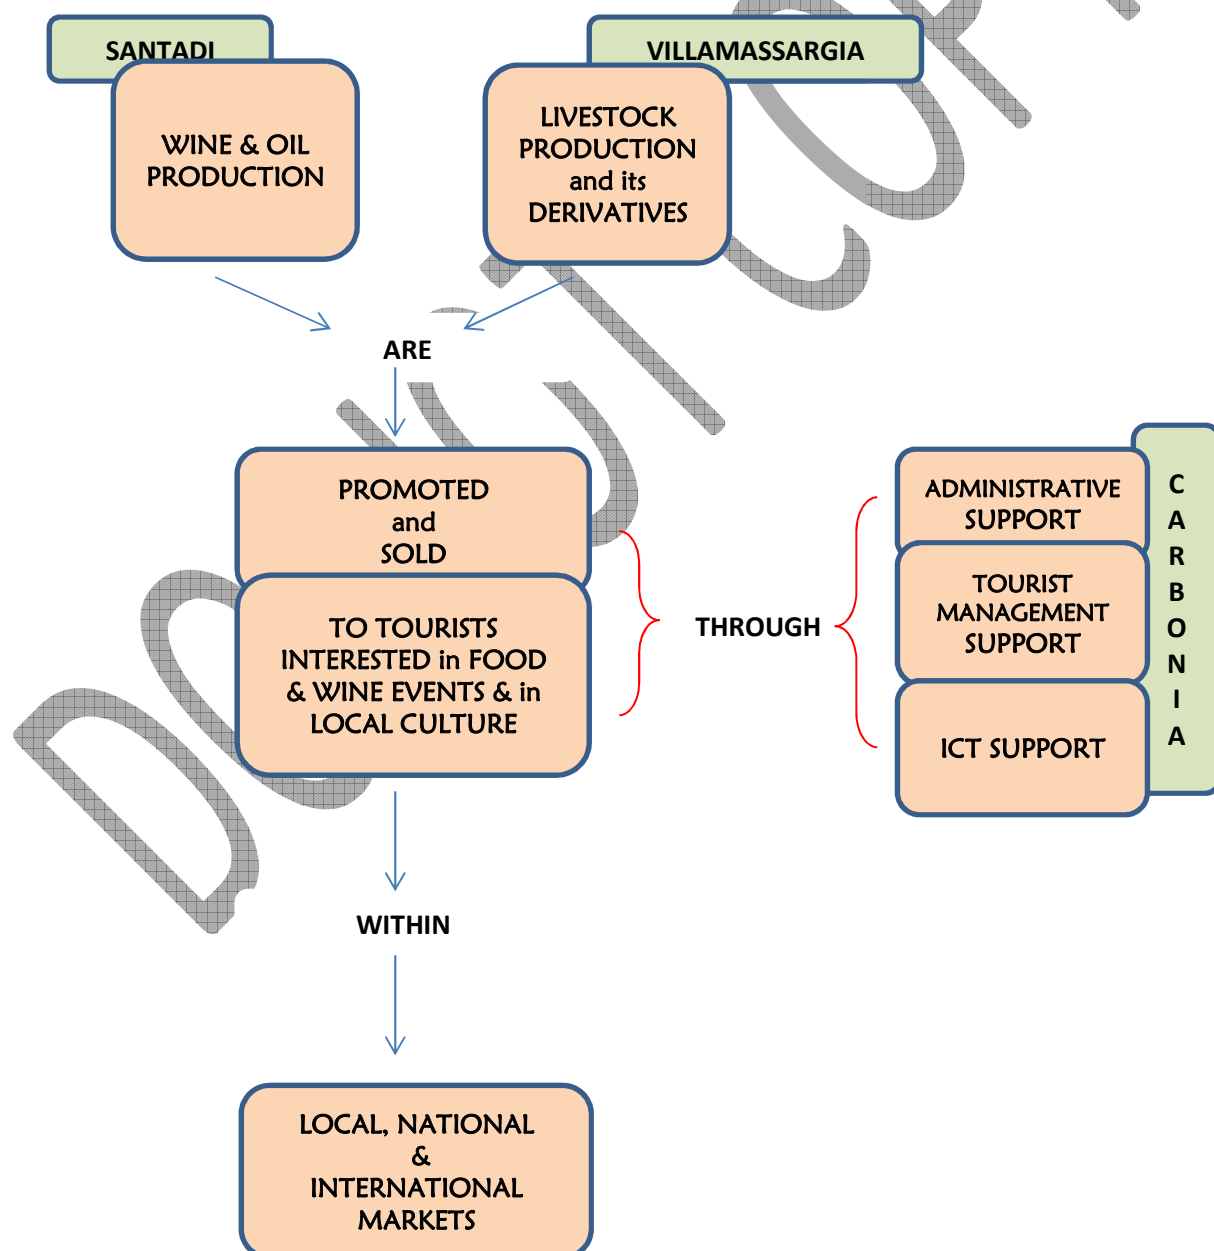

**As a matter of fact,
one of our didactic aims is the CHALLENGE of
creating new REAL ENTREPRENEURS,
able to interact with the social and economic
tissue of the Sulcis Area**

Inside the “Piano Sulcis”

(a plan for the revival of the economic reality of the Sulcis Area)

our project “*The school as an enterprise produces goods and services, tourists will enjoy them!*”

**WILL BENEFIT FROM THE NEW SKILLS
ACQUIRED BY OUR STUDENTS THROUGH THE
LEARNING PATH PROVIDED BY
ALL THE ACTIVITIES INCLUDED IN THE
MINI-ENTREPRENEURS AT SCHOOL PROJECT**

**This result is going to be the proof of the value
of important European projects like ours
as an effective tool for...**

Creating

the innovators

of Tomorrow
