MEETINGS

NO WATER, NO LIFE

HAPPY WATER DAY

Pompeu Fabra School of Reus

Hey
We are the 6th class of the school Pompeu Fabra of Reus. We are between 11-12 years old, there are 25 students in our class, however this year we got separated in 2 groups, but sometimes we get together to do some groupal activities. We are very kind students and we never get bored while learning. We are very happy to participate in the eTwinning program.

When you swim you can find it,
touch it when you have a drink
and you use it more than you think.
