It's good I think

That was a very good programme

It was useful. I learned English education of countries which are the part of this project. I am happy and so glad because of this. It was very nice to traditions of other countries .

The program was well prepared and it met my expectations

Programm was very interesting.

Thanks. Very good !

Higher expectations were in the hotel, everything else was ok.

About as I expected, though the language barrier makes it difficult to have in-depth discussions about education-related matters.

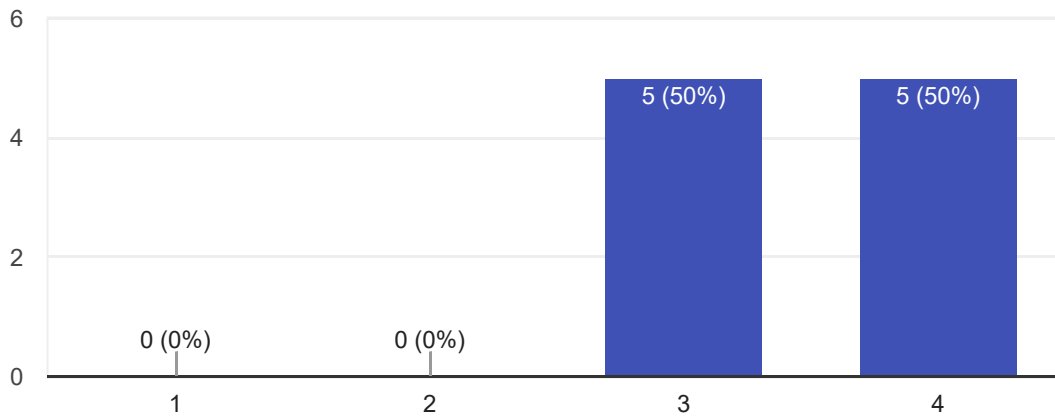

Herşey çok güzeldi.

Everything was organised though we could have a more flexible programme and some dinners altogether.

Everything is perfect I think

Same quality

They should give more information about this country's education system. Now I have many questions on my mind.

I would like to watch a lesson and learn how the teachers' class management.

Better information movement.

Exact timetable.

Specify the timetable, check the quality of the hotel (to make the rooms clean and warm)

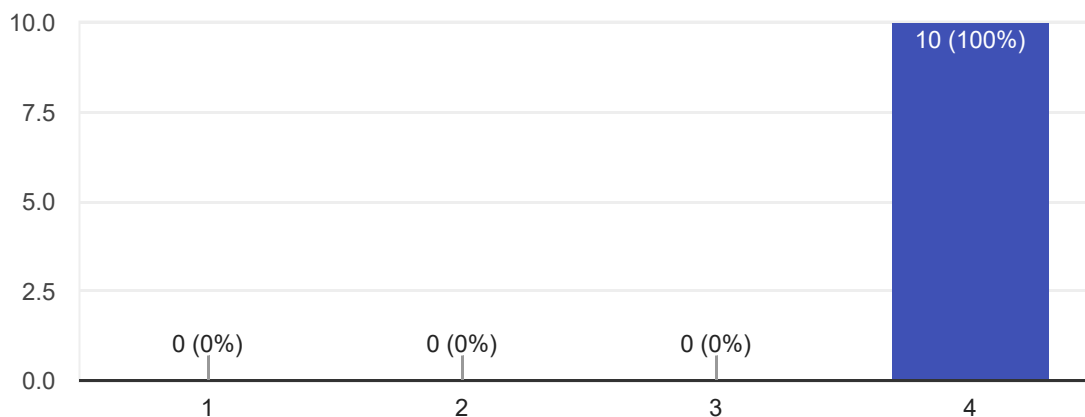

A wider array of different national foods and during the week's lunches and more discussions about the culture and nation in general - in Romania we had to do a lot of googling ourselves.

önerebileceğim yeni birşey yok herşey çok iyiydi

A more fully organised programme and possibly spend more time at school in order to observe lesson and understand in depth how things work in other countries. I would also like to have an active role in the teaching process by helping the teacher.
