I myself used to write stories. I love reading, but I don't really have time during school. I hope to find out about many interesting books during our project.

I have felt a strong connection with books and reading since primary school. I think that I can discover a new world through books and find out about different points of view.

Dalma Kovács

Reading is a good pastime activity for me, but I can't spend as much time reading as I would like to. I love reading thrillers and I think that I can enrich my imagination during this project.

Péter Payer

To be honest, I don't like reading at all, but I hope I will get to like it during the project. This will help me overcome my barriers.
