

# eTwinning

## The Colors of The Rainbow

# The Colors of The Rainbow

## About the project

There are many colors in the rainbow, and each color is different from the other. Each color is unique by itself and special, but when they come together, they form a wonderful view; the rainbow.

Just like the colors in the rainbow, each of the people is unique. Let's celebrate our differences! Let's come together and create a rainbow!

## AIMS

- To understand the importance of cooperation and sharing
- Developing communication skills
- To gain information about the education systems in other countries
- To recognize intercultural differences and similarities
- To provide language development
- To discover ICT and use web 2.0 tools

## WORK PROCESS

**Activity 1: November 15 - December 15:** Each member will take a video using their greeting words in their own language. (Hello, How are you?, Good Bye) We will create QR codes with videos and stick them onto the new year cards. Pictures of school, province, country, map, flag and local clothes will be shared. New Year cards will be prepared and sent in the first week of December. The photos of card-making stages will be shared. Wishes will be written in English and in our mother language on the cards.

**Activity 2: December 15 - January 30:** New year cards will be displayed on the boards. All partners will share photos of New Year's meals and traditions. Each country will share a traditional recipe from their cuisine.

**Activity 3: February 1-March 31:** As a result of the project; an online game will be prepared about cultures. Partner countries will play the game in the class and share photos. An e-book as a common product will be created by contribution of all partners.

**Activity 4 Evaluation of the project: in April:** Teachers and students will evaluate the project.

## **EXPECTED RESULTS**

**Social Sciences, English, Physical Education and free activity lessons will be related.**

- 1- Intercultural interaction will be ensured.**
  - 2- The information about cultures will be obtained.**
  - 3- Video, presentations, photos, blog will be prepared throughout the project.**
  - 4- A matching game will be designed by obtained information with Kahoot.**
- Dissemination activities will be held.**
- 1- This project will be shared in Eba as news**
  - 2- This project will be added to the School website**
  - 3- The blog of the project will be formed with padlet.**

**RAHMI MIHRIBAN BEDESTENCI PRIMARY SCHOOL  
İSTANBUL/TURKEY**

**Our school was established in 2003. It is a public primary school which is located on the Anatolian side of İstanbul. We have two buildings in the schoolgarden. One of the building is used for primary school and the other one is kindergarden. We have nearly 700 pupils aged from 4 to 9 years old.**

**We are a good team with 35 teachers. We work for the development of education by joining projects like Erasmus and etwinning. Our school web site is;**

**Our Recipes**

**Our Cards For You**

**Twinspace**

**Kahoot experience**

**I.C.S. "G. Verga" – Scordia - ITALY**

**Our school –**

**The Comprehensive Institute "G. Verga" was born on 1 September 2012 after the fusion of the kindergarden and primary school "G. Verga " and secondary school. It is located in Scordia, a town in the province of Catania, Sicily, Italy. In our Comprehensive School we have two kindergardens, two primary schools and a lower secondary school. In our Primary School (involved in this eTwinning project) we have 506 students (including 28 students with special needs) and 52 teachers distributed in 25 classes. This is our website: <http://icsvergascordia.it> And this is the Padlet created by our students to show you our school:**

**Visiting the Twinspace**

**Our cards for you**

**Our display of received cards**

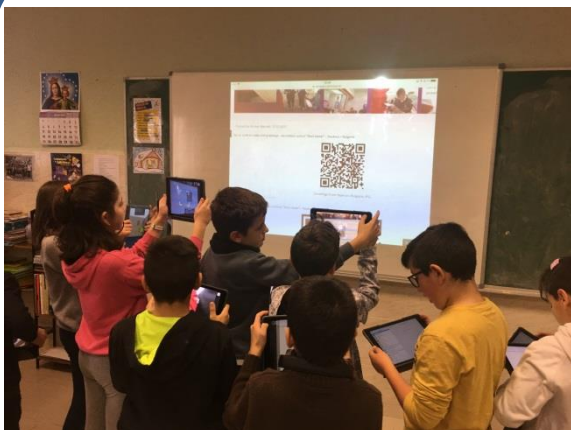

**Sharing Christmas traditions**

**SALESIANOS SAN JOSÉ SCHOOL, SALAMANCA, SPAIN**

**Salesianos San Jose School , located in the neighbourhood of Pizarrales in Salamanca, is the largest State-subsidized School for Vocational Studies in Salamanca province, Primary and Secondary studies are taught as well. Being Pizarrales a socioeconomic disadvantaged area; we would like to educate our students so that they achieve a better future and once they leave our school, they are well valued thanks to the appropriate education they have received. My blog page [https://cssj-primaria-1ciclo.blogspot.com/es/](https://cssj-primaria-1ciclo.blogspot.com.es/)**

**My school webpage <https://www.salesianospizarrales.com/>**

**PAKUONIS BASIC SCHOOL OF THE PRIENAI DISTRICT**

**LITHUANIA**

**Our school has deep traditions. One-third of our teachers have finished this school. It is celebrating 199 years anniversary this year. We have 25 teachers and 83 students aged from 7 to 16 years old. There is a kindergarten and pre-primary class.**

**Our school offers the following clubs: art, floral design, cooking, dancing, choir, sports, young-shooters and information technology. Primary classes go to the swimming pool to another town once a week.**

**SCHOOL WEBSITE <https://www.pakuonis.prienai.lm.lt/>**

Students are writing Christmas greetings

Students get cards and add to the Rainbow

We enjoy preparing project works

We discovered Kahoot and jigsawplanet

## SHKOLLA "ISMAIL QEMALI" - SHKODËR, ALBANIA

### SCHOOL INFORMATION AND SCHOOL WEBSITE

**SCHOOL "Ismail Qemali" School is located in the center of the city of Shkodra. It is the biggest school of the city. The number of students in our school is 1400 and the number of teachers is 65. The students have got very good results. They win lots of competitions and olympiads.**

**<https://www.facebook.com/shkollaismail.qemali.33>**

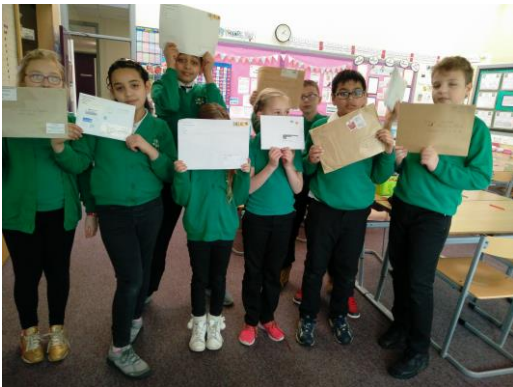

## ST. MARIA GORETTI - SCOTLAND

**We are a primary school in the east end of Glasgow in Scotland. We have just over 225 pupils and we speak 24 different languages. Some of our bilingual pupils took part in this project from P5-P7. This is the first eTwinning project we have taken part in.**
