

Today, first we went up, ate breakfast and walked to school. In school we first went to welcoming ceremony. Then all of us had breakfast together. Later we had 4 more classes. Or was really fun but also a little bit hard because I couldn't understand everything. When school ended at 14.30, me and Alba went home and ate lunch. We were home for about 1 and half hour. Then we went back to school to meet up with the rest. Then we went on a bus and saw the mountains. We had a walk. It was scary cause it was really high, but it was fun too. We walked in the mountains and in caves. We for example saw some big birds called buitres and murciélagos. Then we went home and all of us went to Carreteria and got an ice cream. It was nice. We got to know everyone a little more. Engla :la escuela y la gente de aquí son realmente alegre asi que creo que lo pasaré bien esta semana. Alba: Me encanta hacer amigos nuevo y conocer nuevas culturas. Sin duda esta experiencia la recordaré siempr
