

Simple Maths for everyone

"LET'S RECKON "WITH" THE HOST"

Snooker Party – The angle on snooker

1) Watch these 2 films :

<https://www.youtube.com/watch?v=nzCtoML-aYA>

<https://www.youtube.com/watch?v=AxM9ZWwIOFM>

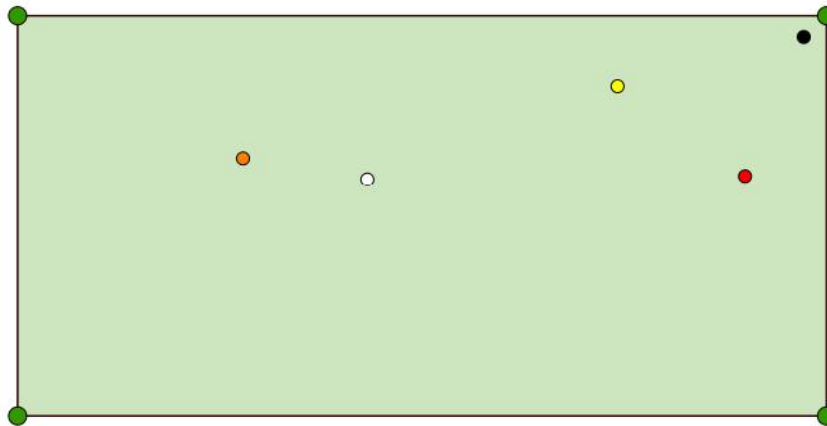

It's up to you !!!

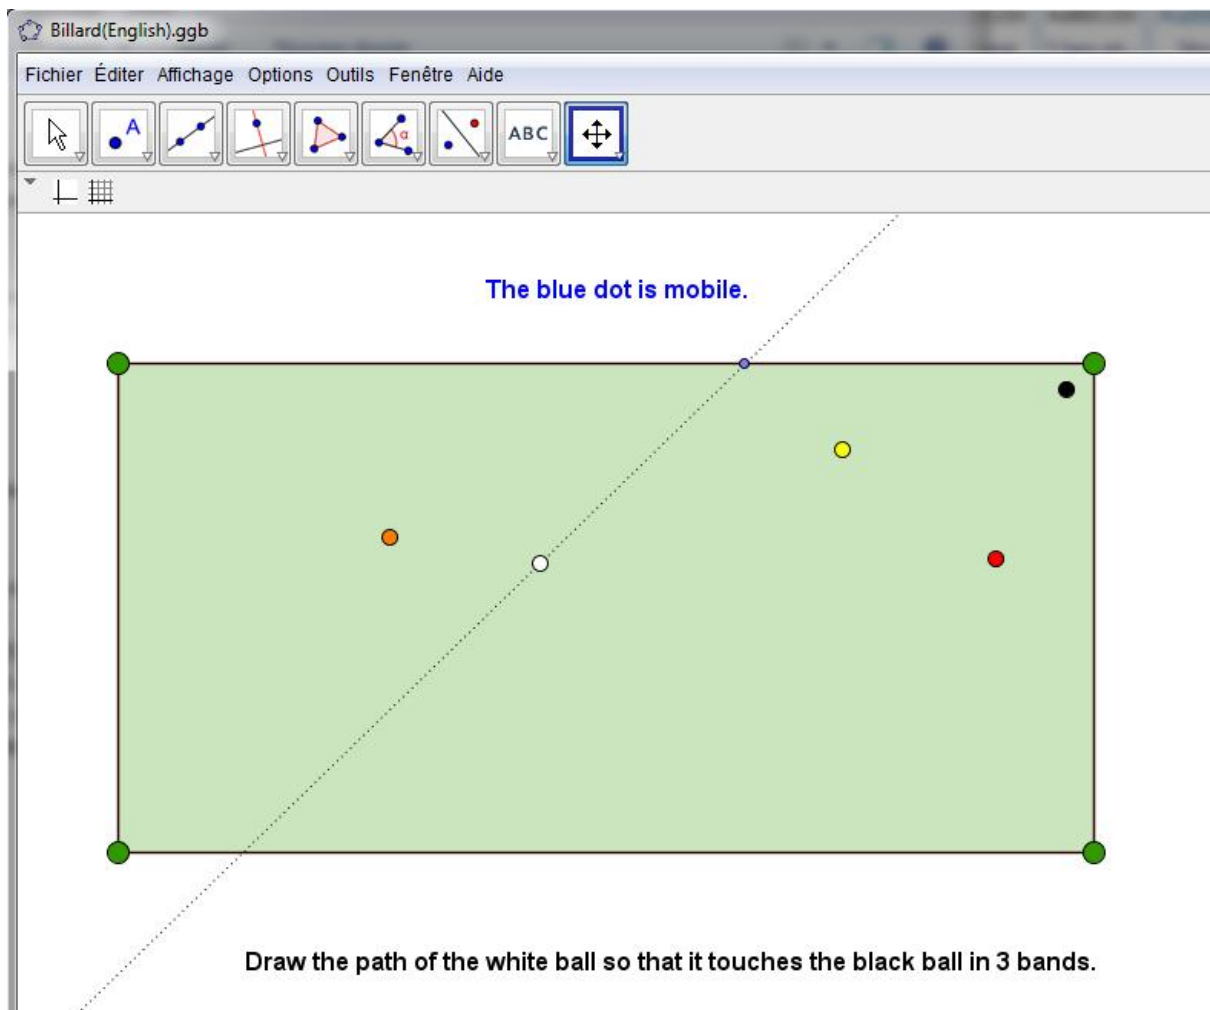

B TRUCHETET

2) Draw the path of the white ball (cue ball) so that it touches the black ball in 3 bands.

(see appendix)

3) Recreate the snooker game and Model the situation using the geogebra software.

4) Create a program that represents this situation. The user will have to choose the starting angle

Appendix
