On 7 June, from 11 a.m. to 12.30 p.m., Romanian colleague Silvia organized a meeting on Zoom. On that occasion, the teachers involved in the project introduced themselves to all the pupils connected.

Later, 4 subgroups of mixed nationalities were formed, each followed by a different teacher:

- 1) Silvia = E-safety,
- 2) Anna and Rosanna = netiquette,
- 3) Ivana = multilingual dictionary,
- 4) Franca = copyright.

The students introduced themselves within each group and communicated their phone numbers to form a Whatsapp group. Each coordinator gave information within her group on how she wanted the works previously presented on Twinspace by the 4 schools to be merged into a single work. That common work will be published on eTwinning by September.
