

BBE Project - First Meeting Report 11/11/2020

At 4 p.m. on the Teams platform of the Italian School

Participants:

Italy: Franca Liuzzo and Rosanna Vigliocco

Croatia: Ivana Vrdoljak

Romania: Ioana Ciuca (colleague of Silvia Ungureanu)

Estonia: Anna Ignatjeva

Guest: Simonetta Ponziano (ex student of the Italian school/attending a master in multilingualism and interculturality)

1. Covid situation in our four countries, obligations and prohibition, hypothesis of project adaptations.

As all schools have limitations for activities and trips, we decided to postpone the first mobility. In January we will consider organising a meeting in April - May 2021 or directly next school year. For the time being we are only planning contacts and online activities between schools.

We will ask our National Agencies to complete the activities in a third year, if the bans continue.

2. Age of the students involved:

Italy: 16 – 18 for activities and mobilities, 18 – 19 for activities.

Croatia: same target

Romania: same target

Estonia: same target

3. Number of the students involved:

Italy: 6 - 8 classes in studies and creation of materials

Croatia: will post an application form for the BBE project on the facebook page of the school and select a small group of interested students, the same ones will be involved in mobility

Romania: same as Croatia

Estonia: same as Croatia

4. Students' accommodation, first ideas:

Italy: homestay preferred, to offer a more authentic cultural experience.

Croatia: hotel preferred, to better control the students

Romania: in families or hotel

Estonia: homestay better, it's cheaper.

5. Topics to be deepened during the first year:

- presentation of the school, town, region, country...
- presentation of typical products of the region
- quality brands used in the country or area,
- small dictionary: comparison table of words, greetings, simple sentences in English and national languages

For each topic students prepare and share documents, presentations, videos only on-line for the time being.

6. Platforms

Franca and Rosanna are attending a course about formal aspects at the end of November and will share information.

Ivana begins to create a space on e-twinning for the project and help others to join. She also suggests to use Google Doc to share materials

7. Presentation of the project to students

Italy: We plan to organize meetings for groups of classes starting with a game (funny questions about the involved countries to answer), short videos in English about the involved countries, + collection of students' ideas (co-planning)

Croatia: will publish a summary of the project on the school website and facebook

Romania: same as Croatia

Estonia: same as Croatia

8. Next online meeting

At the beginning of December, in order to organize the first online meeting for students
