State two things.....

...you find difficult about learning

not enough time, tiredness, boring things which students have to learn (monotonous homework), not enough motivation, homework, bad school system, difficulties in concentrating, to memorise a high amount of contents at one time, especially when there are exams, no abilities to comprehend the subject of study, boring lessons, Maths,

... you enjoy about learning

difficult to say, nothing, finding out about new things, develop various skills, good marks, they want their parents to be happy with their advances, learning new stuff I need to know, learning things I will use later in life/in future, projects, the sleep after, to collaborate with my peers, learning certain subjects

... you do well

using Internet for learning, in easy subjects like Art, P.E., Music, I don't know, projects, learning by doing, researching information and taking notes, team work, find information

... you could improve next time

my marks, revise more before the tests/exams, my learning technique, time management, my notes, some tools to learn how to memorise and study, work harder and pay more attention to some subjects, concentration, positive attitude, Everything a little 😊
