EVALUATION REPORT

2nd Transnational Meeting

June 24th-28th, 2018

Marco de Canaveses - PORTUGAL

Greece, Lithuania, Poland, Portugal, Romania, Spain, Turkey

INTRODUCTION

To assess the quality of the project's transnational meeting held in Marco de Canaveses, Portugal, during 24th-28th June 2018, a survey was sent to the participant teachers from the partners countries (Turkey, Poland, Greece, Spain, Lithuania and Romania), using the tool www.surveymonkey.com. The survey is available in the following link: <https://pt.surveymonkey.com/r/9QLVFSS> and thirteen (13) participants answered the questionnaire.

The aim is to monitor and evaluate the meeting's management and activities held, as well as the project execution, entailing all the parts involved with data that will help the team to foresee what measures and improvements need to be done.

To ensure that adjustments can be made in future project meetings, results of the data analysis are communicated to all coordinators and document repository available at the project's eTwinning page.

I enjoyed the hospitality, the friendship and the partnership of the hostess school and the program compliance.

First of all I really liked the communication between the partners. I enjoyed the experience of the boat tour at the Douro river and everything I learned for the Portuguese culture. I also learned many things through the workshops and from the discussions about the planning of the total project. The hosting partners were very kind and heartwarming and ready for every activity that was on our plans that lead to having days full of experiences.

Spending more time at the workshops.

It could be useful if there were workshops about our teaching profession specifically that could possibly develop our abilities to be more efficient, creative, pleasant and productive with our students.

SUMMARY

As far as the data collected is concerned it stands out the thorough organization of the meeting, its execution, its atmosphere and the social programme.

Regarding the activities it seems the Theatre “Little Riding Hood”, the Stop Motion Animation Workshop, the TwinSpace Workshop and the Schedule of project’s activities for 2018/2019, were the high points of the Transnational Meeting hosted in Portugal, according to teachers’ opinions.

We would also like to refer readers to Question 6 where participant teachers expressed their opinions regarding what they particularly liked in the project meeting.

For future joint events, and in order to make the necessary amendments, partners emphasise the importance of having more practical workshops with direct impact in the project’s activities implementation back in their schools.
