Diana's Impressions on the Transnational Meeting in Portugal

The transnational meeting to Portugal took place in May, from the 28th of May until the 4th of June. We were accommodated in Rio Maior, not very big town, but a very beautiful and attractive place. Our programme was a very busy one, related to the topic of the project, that is ecological literacy. It consisted of workshops, trips, visits to the Agrupamento de Escolas Fernando Casimiro Pereira da Silva school and its branches.

We got acquainted with teachers from the school and from other schools from other partner countries, with the beautiful and well equipped classrooms and labs. It was an opportunity for us to know the educational system in Portugal and to exchange ideas and impressions with our colleagues from different schools.

What impressed me more was their devotion for the students and for what a teacher is meant to be. I was also very impressed by their concern for disabled students. Integration is the main aim in working with these students.

This was also an opportunity for us to visit amazing places as: Fatima, Nazare, Lisabona, Renovapaper factory, Pego Thermolectrical Central, Castelo de Bode dam. One of the most interesting moments in our programm was the visit at the Lisbon Oceanario. Here we took part in a workshop dealing with the acute problem of the pollution of the oceans.

We are thankful for this special occasion offered for us by the Portuguese team, especially to Anabela and Paulo. Portugal is a wonderful country, with a wonderful people.

Diana Adina Bucuța,
teacher at „Constantin Noica” Theoretical High School Sibiu
and primary level inspector at County Inspectorate Sibiu
