

# Etwinning project „We Improve Together”

## Post-survey for teachers

### Results

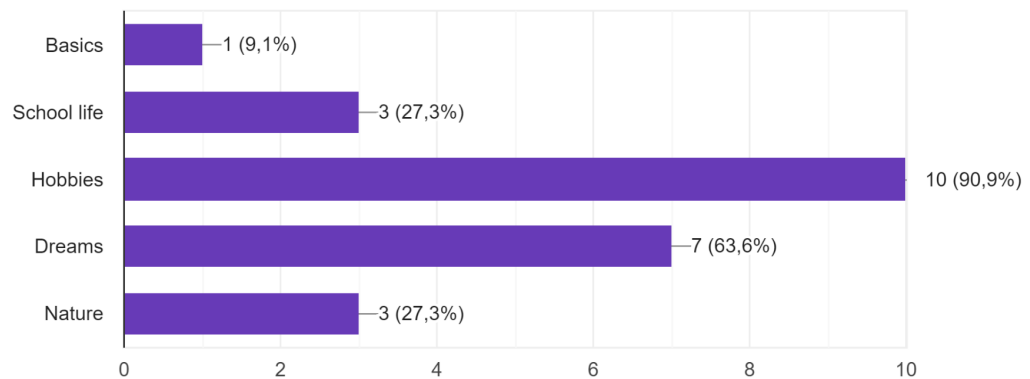

1. Has the project improved your organisational skills?

11 odpowiedzi

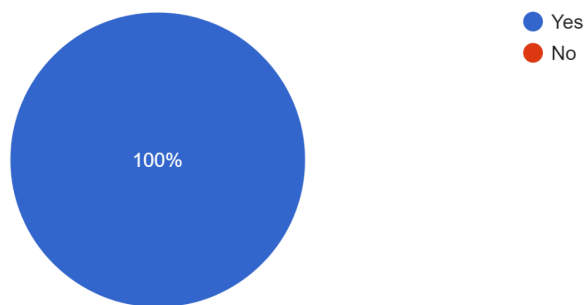

### 3. Which topic was the most engaging?

11 odpowiedzi

### 6. Would you like to take part in similar projects?

11 odpowiedzi

The answers to the 1st question show that all the teachers have improved their organisational skills during the project.

Answering the 2nd question, our teachers chose many activities. As we can see, the most popular activity is e-dictionary.

- Dessert magazine, future dreams, finish activity
- E-dictionaries
- e-dictionaries, games
- Dessert e-magazine, e-dictionaries, telling Dreams jobs
- collaborative activities.
- E-dictionary
- Preparing e-dictionary
- Bookmarks

Dreams

E-pictionary

E-dictionary, wordclouds, making bookmarks and posters, online meeting for students

The answers to the 3rd and the 4th questions show that the most popular topic is Hobbies.

The answers to the 6th question show that all the teachers would take part in similar projects.

Answering the 5th question, our teachers pointed out various things we could change or improve in the project. Most popular are learning different languages and communicative activities for students.

Virtual exhibition of nature photos

I would like to improve the languages that used in the project because my students liked learning different languages.

I would do this project as language modules

Using technology, learning languages.

Much more students' activities

Learning words in different languages

Foreign language

It could be more communicative for students.

We did everything well :)

I'd add more meetings for students
