

## Lesson plan

**Subject: Revision of past tenses with the use of free multimedia quiz creators.**

**Grade 6<sup>th</sup>**

**School: primary**

**Level: intermediate**

**Time: 45min.**

**Teacher: Katarzyna Sosnowska**

**Primary School No. 1 in Gostynin, Poland**

### Learning Objectives

Students will be able to differentiate between the three different past tenses (past simple, past continuous and present perfect). Students will be able to create their own grammar games.

### Aims:

- to revise grammar by creating a multimedia grammar quiz game
- to practise grammar with other students
- to cooperate with others in the process of using the free quiz creator
- to develop English knowledge of past tenses grammar by playing other quizzes

### Steps

1. Divide the students into small groups up to 3 pupils.  
They will create a quiz in one of the three given applications.

2. Each group is given one application to work with.

3. Following the instruction in an application

#### Group 1

Open the page of [www.learningapps.org](http://www.learningapps.org).

Make your own free account

Write the title of your quiz in an application of Millioners

Make a task instruction

Invent some questions to the quiz

Save your task and choose the proper status /public or private/

### **Group 2**

Click New Kahoot! Create a new kahoot Quiz;

Write a title of a quiz and the description

Choose the language

Make required audience

Make questions of past tenses.

### **Group 3**

Use the application Jigsaw Planet at [www.jigsawplanet.com](http://www.jigsawplanet.com)

Create a jigsaw by choosing your photo

Use the given hints and tips to choose the sound, background etc...

Save the jigsaw and public it.

4. Time for playing the three games.

### **Summing up**

5. Students are given points by a teacher for creativity and good results in playing.
