

Mobilitys report of Spain

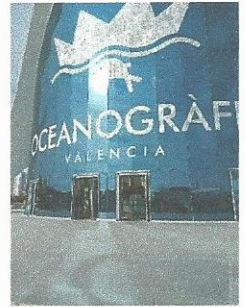

What I did ?

After 11 hours of travel by bus we arrived in Valencia. My Spanish family was waiting for me. After getting to know each other during the evening we watched a movie and I went to bed late.

The next day we visited the school and did some activities to introduce ourselves, then we visited a museum about honey which was very interesting.

On Tuesday we visited a museum on biodiversity and a biological station. The evening we went to eat a chocolate waffle with my family.

The next day we went hiking in a natural park and we have planted endangered plants called *Ruscus hypophyllum*. The afternoon my family and I went to the science museum where I met Louis and we fired firecrackers. Then, we ate a burger at 5 pm. In the evening, we watched a movie.

On Thursday we presented our presentation worked in section euro on the plants and their environment. We presented it in the botanical park of Valencia. I visited the largest oceanographic museum in Europe only with the French. The evening with my family we went to the restaurant which was very good.

The last day we said goodbye to our Spanish friends and our family and we could return to Marvejols a little tired but happy with our stay in Spain.

What I learned ?

I learned a lot about the Spanish culture : they eat at all hours and they eat very fat. I tasted Spanish specialties: paella without fish in particular. They go to bed late.

I was able to participate in the preparation of a traditional festival : las Fallas. These are statues made of
