

Estonia 🇪🇪

Erasmus +

First of all, thank you Erasmus+ for giving me the opportunity to meet incredible people, I'm so grateful that I got to share this experience with the amazing team that I was in. Also thanks to everyone who was a part of this project and made it a wonderful experience not just for me but for everyone!

My experience

Before leaving I was so nervous and excited at the same time. I never thought that I'd be able to go since it all looked so surreal! But then again Erasmus+ gave me this amazing opportunity and I'm forever grateful.

When I first got there I thought about how beautiful and cold Estonia is. On the first day we were in Tallinn and the next day we went to Kuressaare.

On our first day in Kuressaare we went to the school Kuressaare Ametikool and did cool activities like treasure hunting and more! Also we attended a delightful welcome dinner at the school with amazing Estonian foods!

The next day we went again to the school and had a debate with other students about the impact of the EU in your country and e-services.

Later that evening we visited the Kuressaare Episcopal Castle and did another treasure hunting, it was so cool!

At the end of the day all of the countries went and had dinner, we played games and as if it couldn't get any better the Spanish team, us, started singing. What an amazing night!

A new day begins and I am so excited because we were going to an excursion around Kuressaare, we visited the Kali meteorite crater, the Angla windmills and more places!

At the end of the day we had dinner at this beautiful place with delicious food that was especially prepared for all the countries! This day was very sad too, because it was our last day in Kuressaare.

The next day we had an amazing day because we went to a cultural trip in Tallinn with the other countries, we went in ferry, I didn't even realise that the ferry was moving!

We visited the Parliament and went to a tour around the place, also we visited the church that was in front of the parliament, it was beautiful!

A highlight of that day is that it started snowing! It was mesmerising, later that evening we visited the old town and then had free time, then came the saddest part of the trip, the goodbyes.

On Monday 22nd it was our last day, since the next day we would departure from Estonia, my team, the Spanish team did a little exploring around the area and had a lot of fun, we even spoke about how amazing it would be to stay a couple of days more!

Then came our departure day and after a long journey we arrived in Tenerife, I want to thank my teammates, including the teachers for everything and I'm very happy because I have a beautiful family formed by Diego, Ofelia, Cathaysa, Stefan, Federico, Candela, Laura and me.
