

## **To travel**

Travel without back going

have fun in dancing

be free to sing

be listened in talking.

The bad of leaving your heart

then giving all your love....

How bad it is to leave

but it is always good to come back.

It is hard to leave our friends

but it is always good to be

happy with them.

How nice it is to go to the sea

with friends to swim.

*Christian, Esmeralda, Giulia*
