

ROMANIAN STUDENTS QUESTIONNAIRE

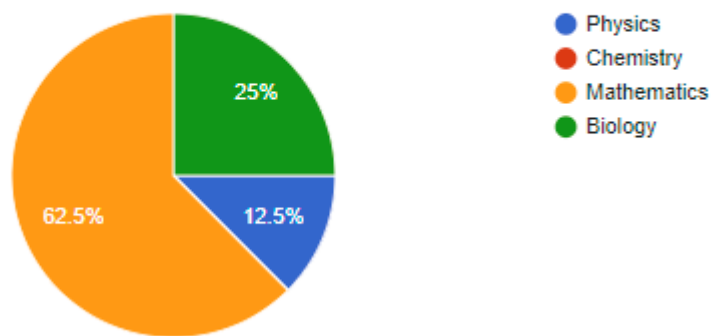

1 Is there a science lab in your school?

8 responses

2.- What is you favourite science topic?

8 responses

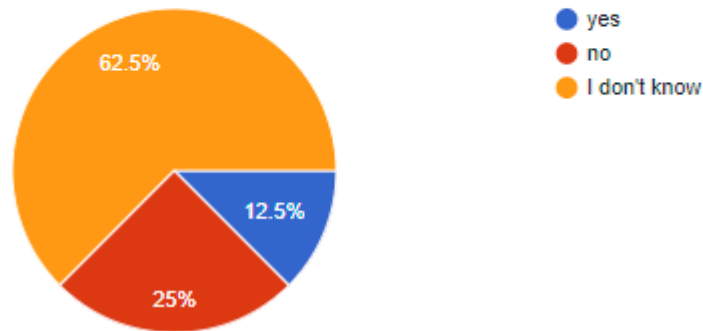

3.- Why is it your favourite one?

8 responses

- because i like to study about our body
- it can be applied in various scientific fields
- I understand it better , and I like my Math teacher
- Because it's very interesting
- Because it is very interesting.
- because you learn something new all the time and you will need it further in your life
- It's my favorite because it seems easier.
- I find it interesting

4.- Are you planning to get a degree for a scientific job when you grow up?

8 responses

5.- Why or why not?

4 responses

i do not know for sure the college I will apply to

Because I think that it is a more attractive job and I hope to earn much money .

is not my strong point

I'm not passionate.

6.- What first comes to your mind when you hear the word "science"?

8 responses

exploration

evolution

The first thing is experiments made in lab

unknown

Discovery

Science to me means "the scientific method" – holding theories up to criticism, testing hypotheses and only taking as fact that which is demonstrably true.

Experiments that can be done in a laborator.

When i hear the word science i first think of chemical experiments

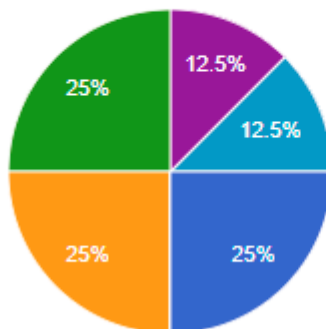

7.- Why?

6 responses

i like to discover new things
science was the engine of evolution
Because in science you have to prove and demonstrate what you say
It explains how it all works and what and who we are.
Because the experiments are the most interesting.
Because chemistry really important

8.- What do you think of time travel and time manipulation?

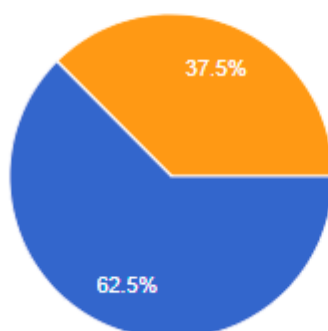

8 responses

- I think it is part of our future
- It frightens me
- I think it will never be possible
- I don't care at all
- i hope that one day i will be able to use that in my favor
- It sounds very interesting and I'm curious if this is going to happen in the future

9.- Do you like making experiments?

8 responses

- Yes
- No
- I have never done any experiments
- I don't care about it

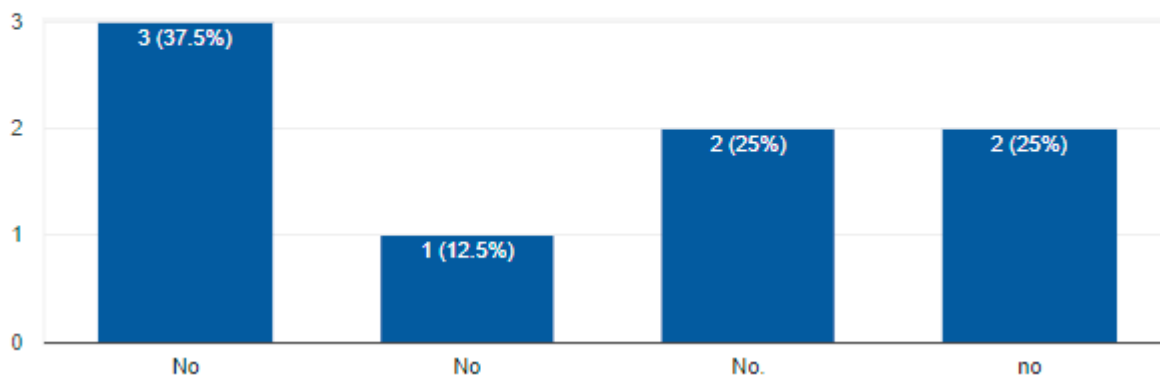

10. - Why do you like that?

6 responses

- i think it's an interesting way to learn
- Because they prove that the theory is correct
- Because I like to discover new things.
- because it's something fascinating in doing any kind of experiments
- Because it's interesting.
- Because i like seeing different chemical reactions

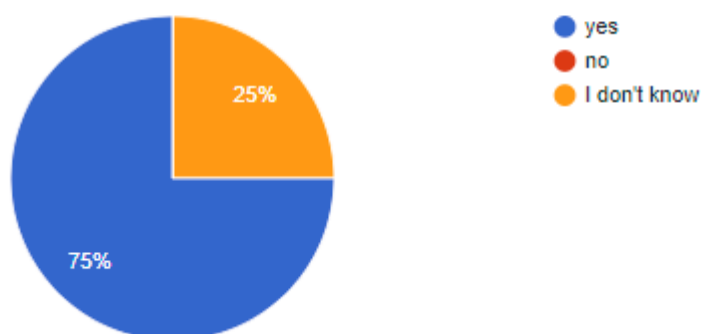

11.- Have you already dissected animals? If yes, which ones?

8 responses

12.- Do you think artificial intelligence may, at some point, become dangerous to humans?

8 responses

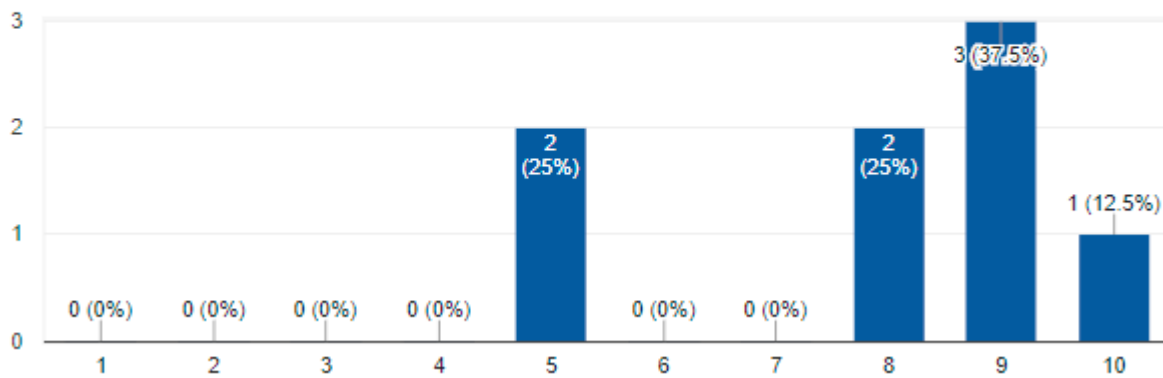

13. - Why do you think so?

6 responses

because can hurt people
nothing can beat human intelligence
Because we don't use our brain so much
Because can hurt us
because artificial intelligence may at some point be considered much better than the human mind, and this may lead to an attempt to control it and correct people's mistakes
Because technology is evolving really fast

14.- Do you think science is useful in our everyday life?

8 responses

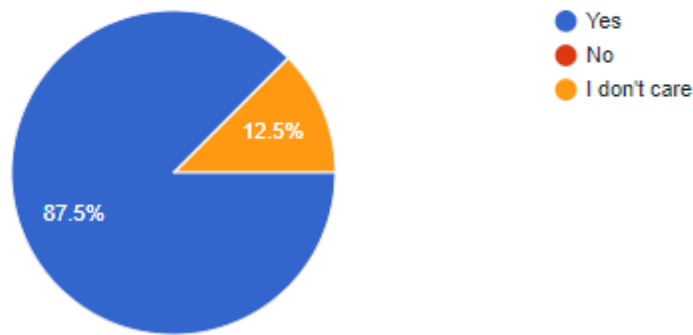

15. - If you can, give an example or explain why/why not.

7 responses

science is part of our life
Because science for me is : electricity, transport and communication
the science we use every day is the light
Without science it can not find out how the universe works.
it helps understanding of many aspects of the this realm we populate.
Psysics we use since we get out of bed, chemistry is used for our clothes and medicines.
Because science is everywhere .

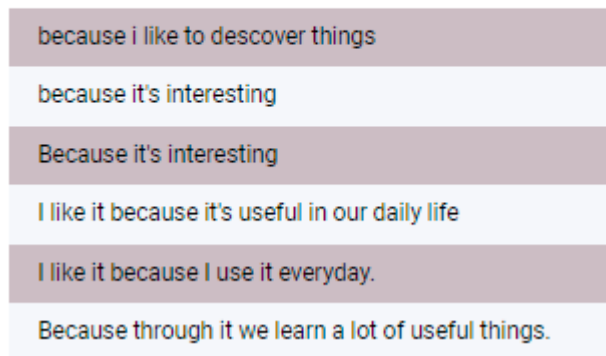

16.- Do you like science?

8 responses

17. - Why do you like/dislike it?

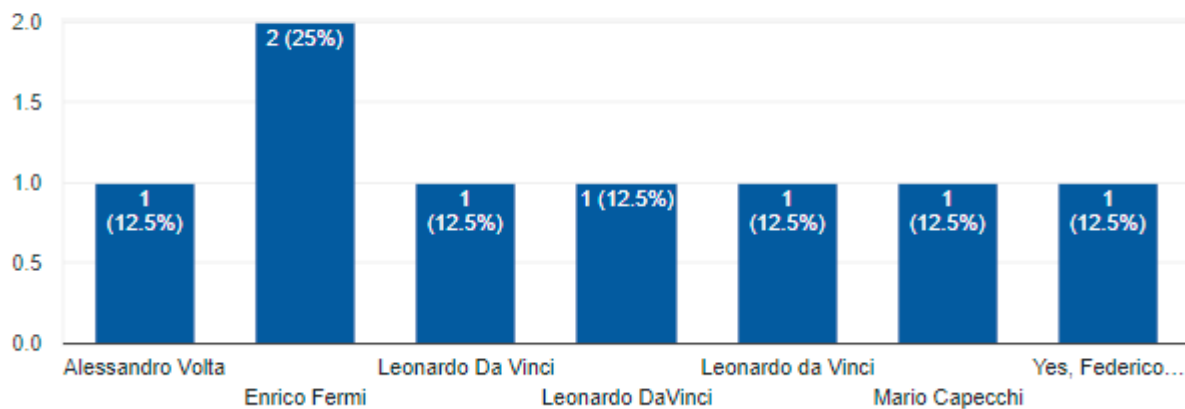

6 responses

18.- Can you name any Italian scientists? If yes, give one name

8 responses

19.- Can you name any French scientists? If yes, give one name

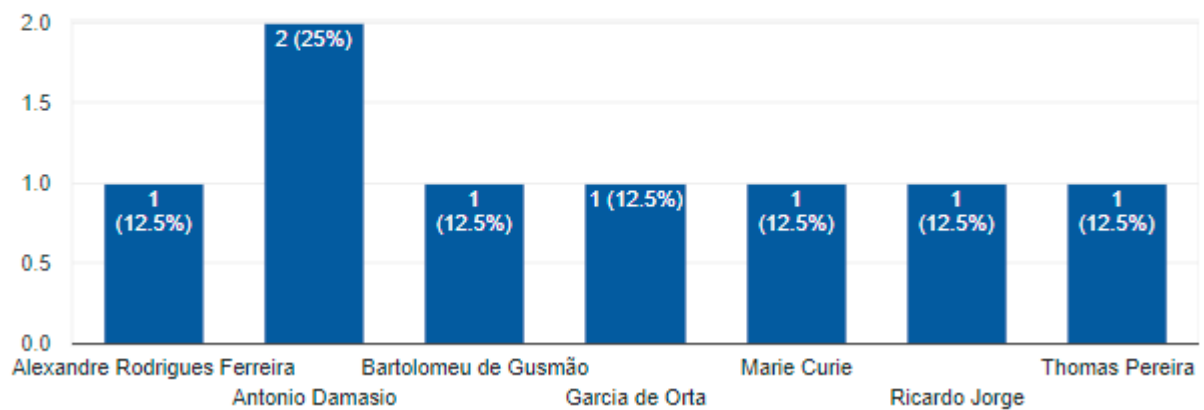

8 responses

French scientists
Marie Curie
Louis Pasteur
Joseph Fourier
Joseph Fourier
Marcellin Berthelot
Guillaume Amontons
Pierre Curie

20.- Can you name any Portuguese scientists? If yes, give one name

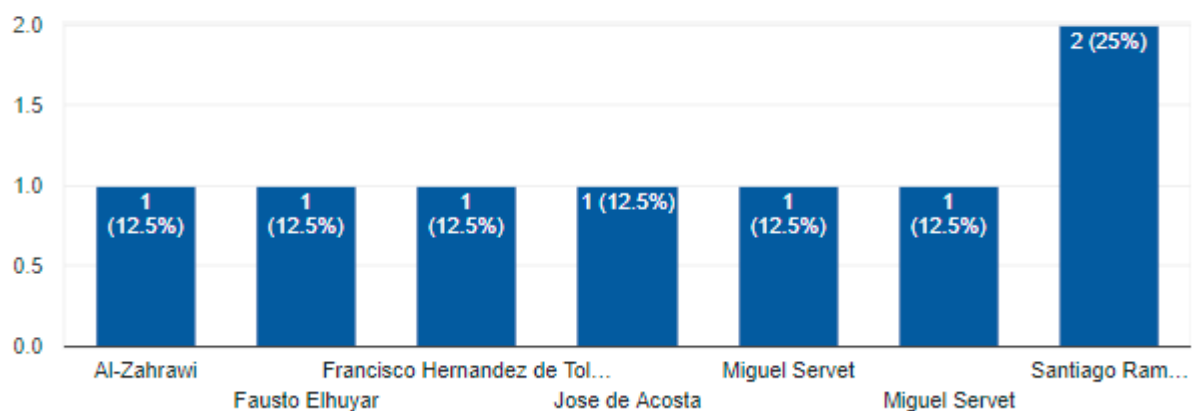

8 responses

21.- Can you name any Spanish scientists? If yes, give one name

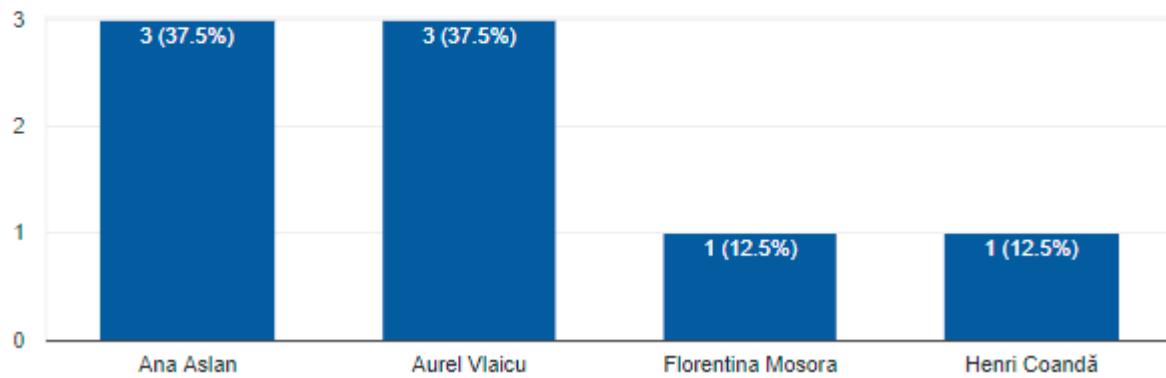

8 responses

22.- Can you name any Romanian scientists? If yes, give one name

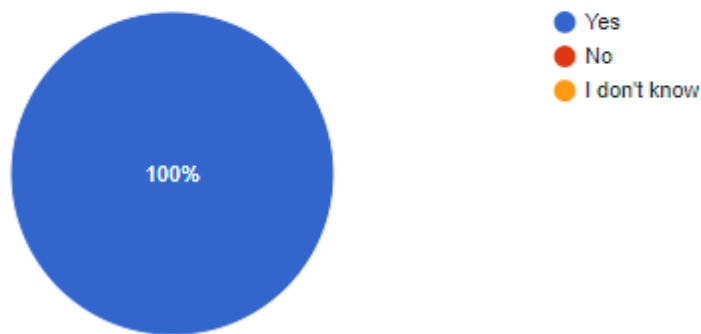

8 responses

23.- Do you think this is a good project? Will it help you improve your English scientific vocabulary?

8 responses

24.- If you want, explain your previous answer :

4 responses

I will communicate with colleagues from different countries in English

Yes i think I will improve my English, and make new friends and find intresting things

This project will help me more with my science knowledge and my english vocabulary

I don't want to
