## 8.- What do you think of time travel and time manipulation?

19 responses

## 10. - Why do you like that?

9 responses

Because it is more interesting than the texts in the books
Because it's more real than Just a lesson
Making experiments is like be a scientist for few times... Is special
Because we can manipulate dangerous or basic products and discover amazing things !
I like to discover the things we do
I love this because we manipulate.
It's teaching
It's funny
It's funny for me

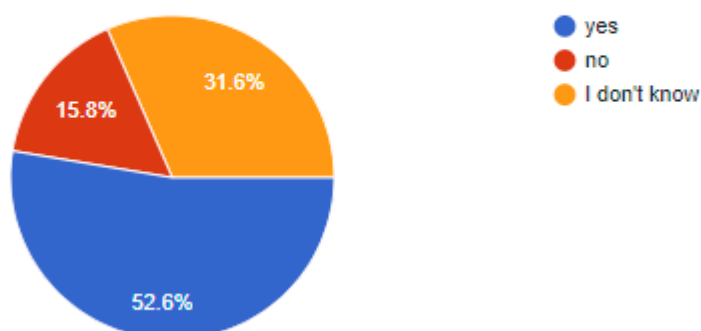

## 11.- Have you already dissected animals? If yes, which ones?

19 responses

No, I have never dissected any animals.
Yes, a mouse
Frog and fish
yes, i have dissected a fish
Heart of chicken
Yes. I've already dissected a fish, a frog's leg and a cow's eye (2 times).
A frog
Yes a frog
Yes a frog, fish and a pig heart
Yes, I have already dissected a beef.
Yes I have dissected frogs, mice...
no
Fish
yes mouse and fish
No I never dissected animals
yes, fish
Yes, it was a head fish
A fish
Yes, a frog

## 12.- Do you think artificial intelligence may, at some point, become dangerous to humans?

19 responses

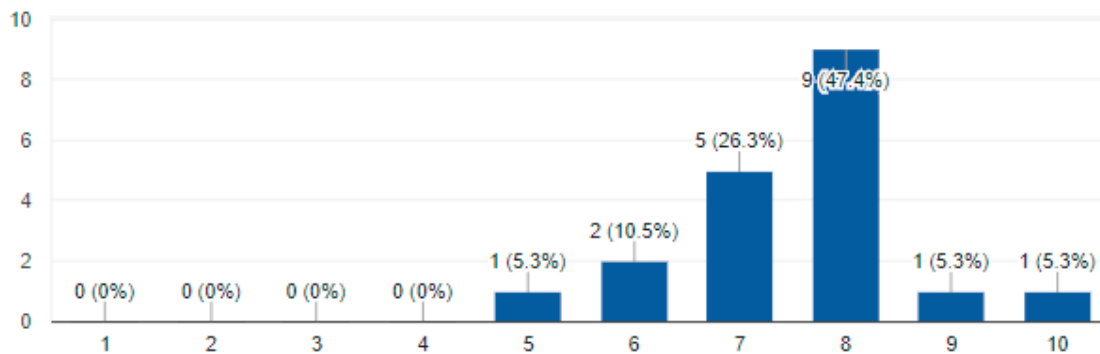

### 13. - Why do you think so?

7 responses

- Terminator traumatised me !!!
- Because I think, we can control AI. Humanity always keep an eye on AI innovations. That's why if a corporation creates advanced AI, Humanity in general wants to control it.
- Maybe science fiction movies are right. Artificial intelligence will dominate the world. It's terrifying because we're ignorant !
- I haven't a idea.
- Because the machine will replace humans
- because movies
- It's just an artificial intelligence it can't be dangerous

### 14.- Do you think science is useful in our everyday life?

19 responses

### 15. - If you can, give an example or explain why/why not.

6 responses

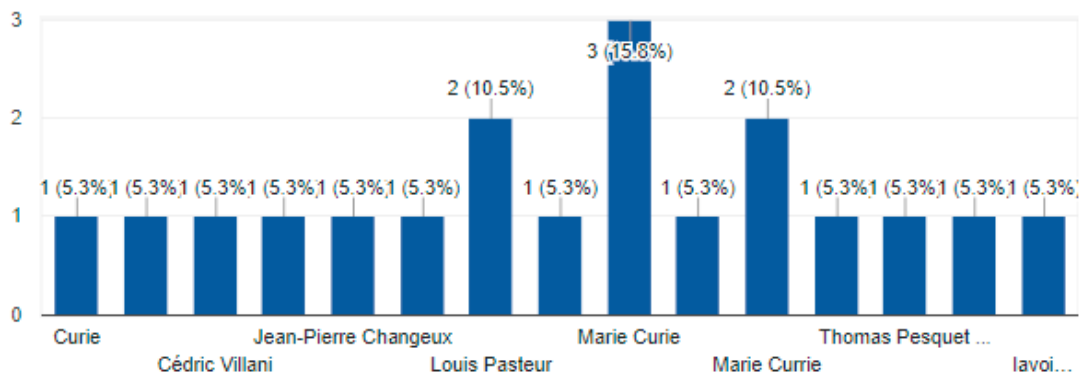

- Science is everywhere, for example buildings or medicine
- I use my phone every day and my phone is a things of sciences
- Science created satellites for example. Satellites are the only method to communicate by Internet with others. Science created a lot of things important in our life.
- When you're brushing your teeth or watching TV, are you thinking about Sciences ? I don't think so.
- There is the molecular gastronomy.
- To understand something that you didn't understand before like the gravity...

## 19.- Can you name any French scientists? If yes, give one name

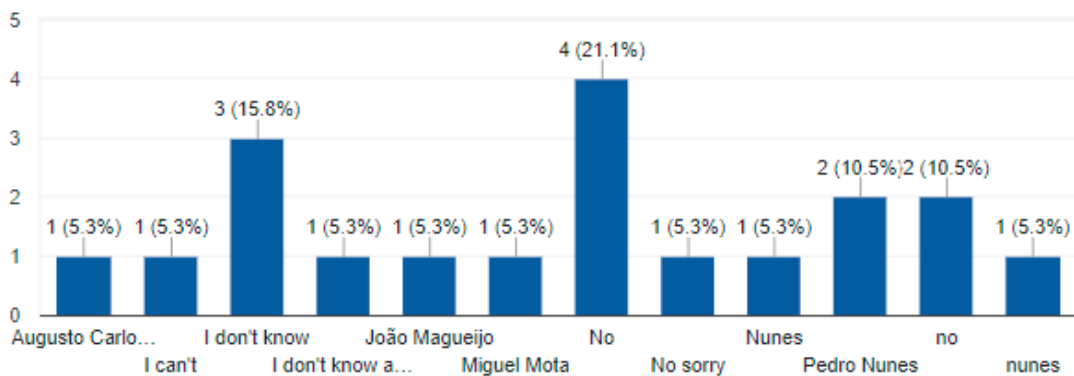

19 responses

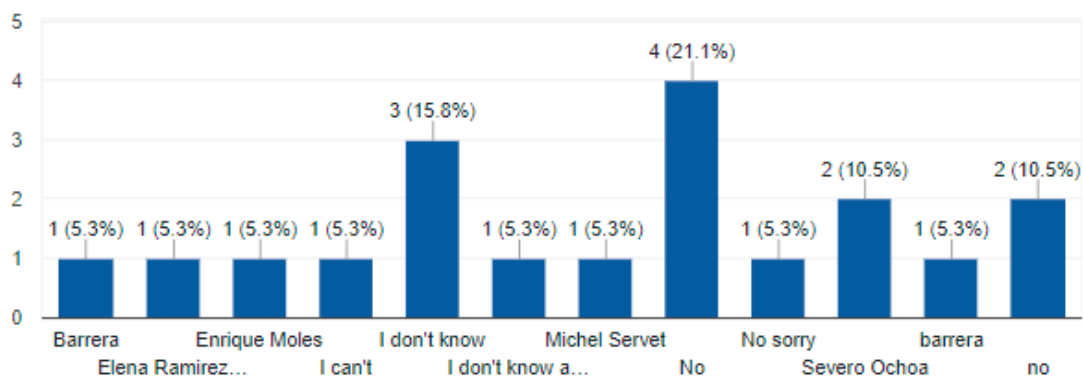

## 20.- Can you name any Portuguese scientists? If yes, give one name

19 responses

## 21.- Can you name any Spanish scientists? If yes, give one name

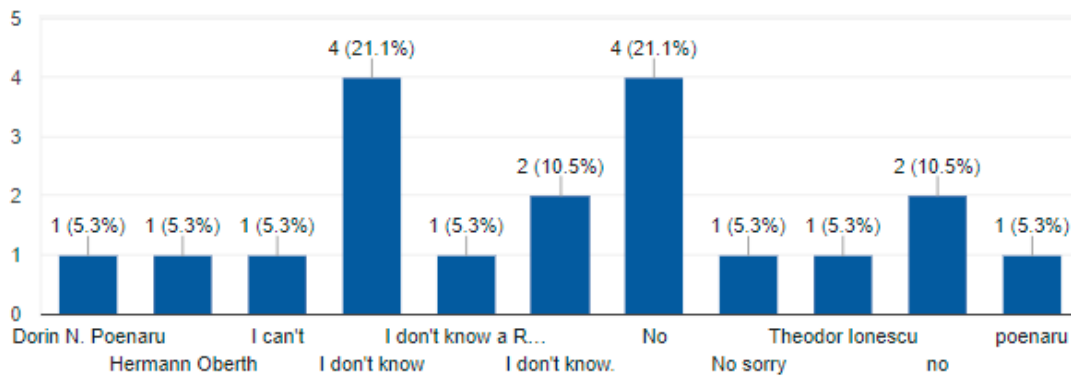

19 responses

## 22.- Can you name any Romanian scientists? If yes, give one name

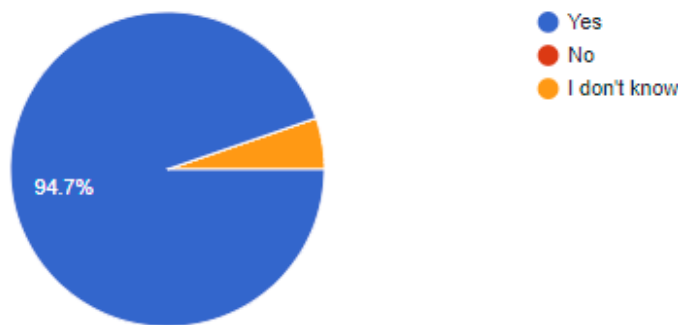

19 responses

## 23.- Do you think this is a good project? Will it help you improve your English scientific vocabulary?

19 responses

## 24.- If you want, explain your previous answer :

6 responses

The more we speak english, the more we progress

For this moment, the project looks very "small"... We have no interactions with strangers

We learn new vocabulary, train ourselves with original exercices, help friends to improve and the reverse.

Yes it's a good project because this enriched my english

It's a good project because we can "meet" new people with other knowledge and we get better in english.

I must speak english so it must improve my english to speak english everiday
