

Etwinning- **Keep your sea clean- Viki
Dogani, 1st junior high school of
Markopoulo-Greece**

1 - According to Paris agreement we should be more sustainable.

A major problem in our sea and ocean is plastic soup. We are responsible for that. We use a lot of plastic and we through it away.

SUSTAINABLE DEVELOPMENT GOALS

2 - Sustainable goal 14 is clean sea and ocean.

3 - We went to the beach Rafina. We saw that plastic pollute our sea. You can see that in our beach in Rafina, Greece there is plastic everywhere.

4 - We found a lot of plastic garbage on the beach.

The major problem is microplastics from bottles, balloons, toys, sampo, straws.

5 - Now you can see a clean beach. It is better for your environment.

6 - Plastic is a great problem
