

This is a photo album of a normal family.

This is a total lifestyle, something that has been done year after year.

Having a photo of an ancestor means remembering them so as not to forget them, remembering anecdotes, keeping them more present.

Knowing where we come from, is a pride, it is to know ourselves more thoroughly...

To give the chance to those that haven't been able to face their relatives

to give the opportunity to know who you were to those we heard about if we could not meet them
