

How to use a tool box

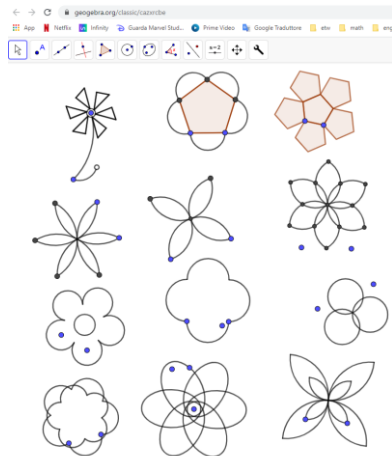

Click on the link <https://www.geogebra.org/classic/cazxcbe>

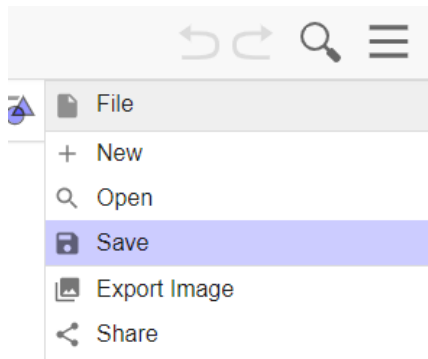

Sign in your GeoGebra online account on another window

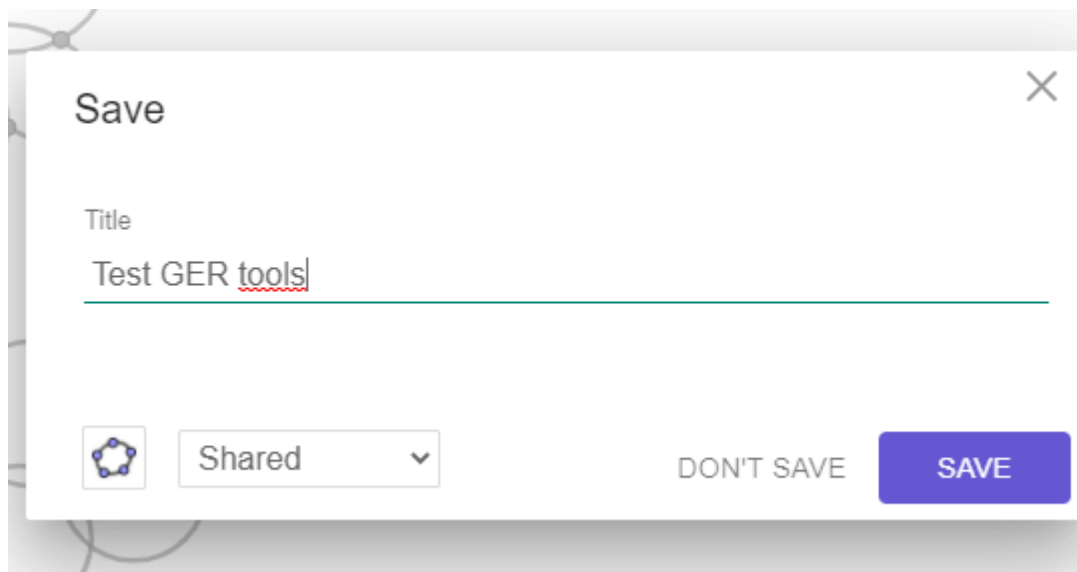

Go back on the window where you opened the toolbox

Save it on your Geogebra

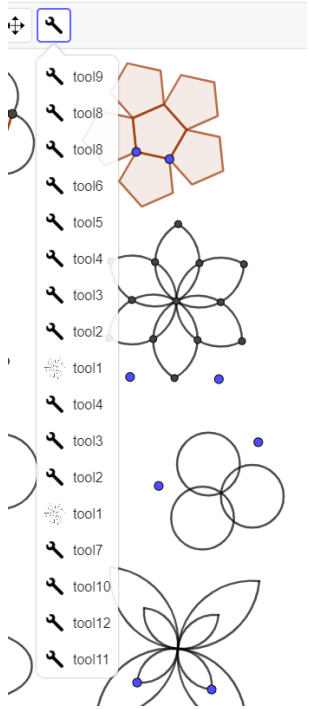

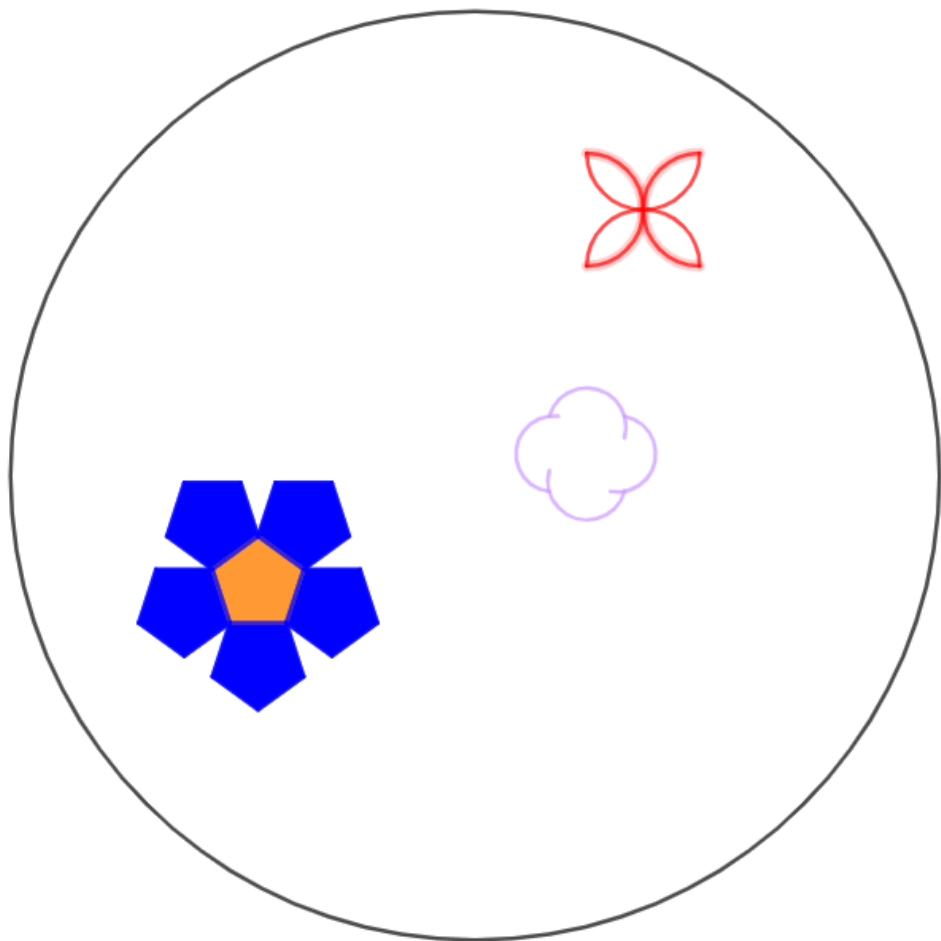

Call it

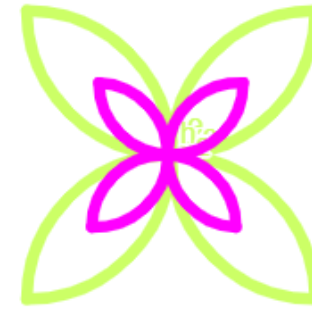

Open it again and try the tool box. Clour the flowers.

Enjoy!

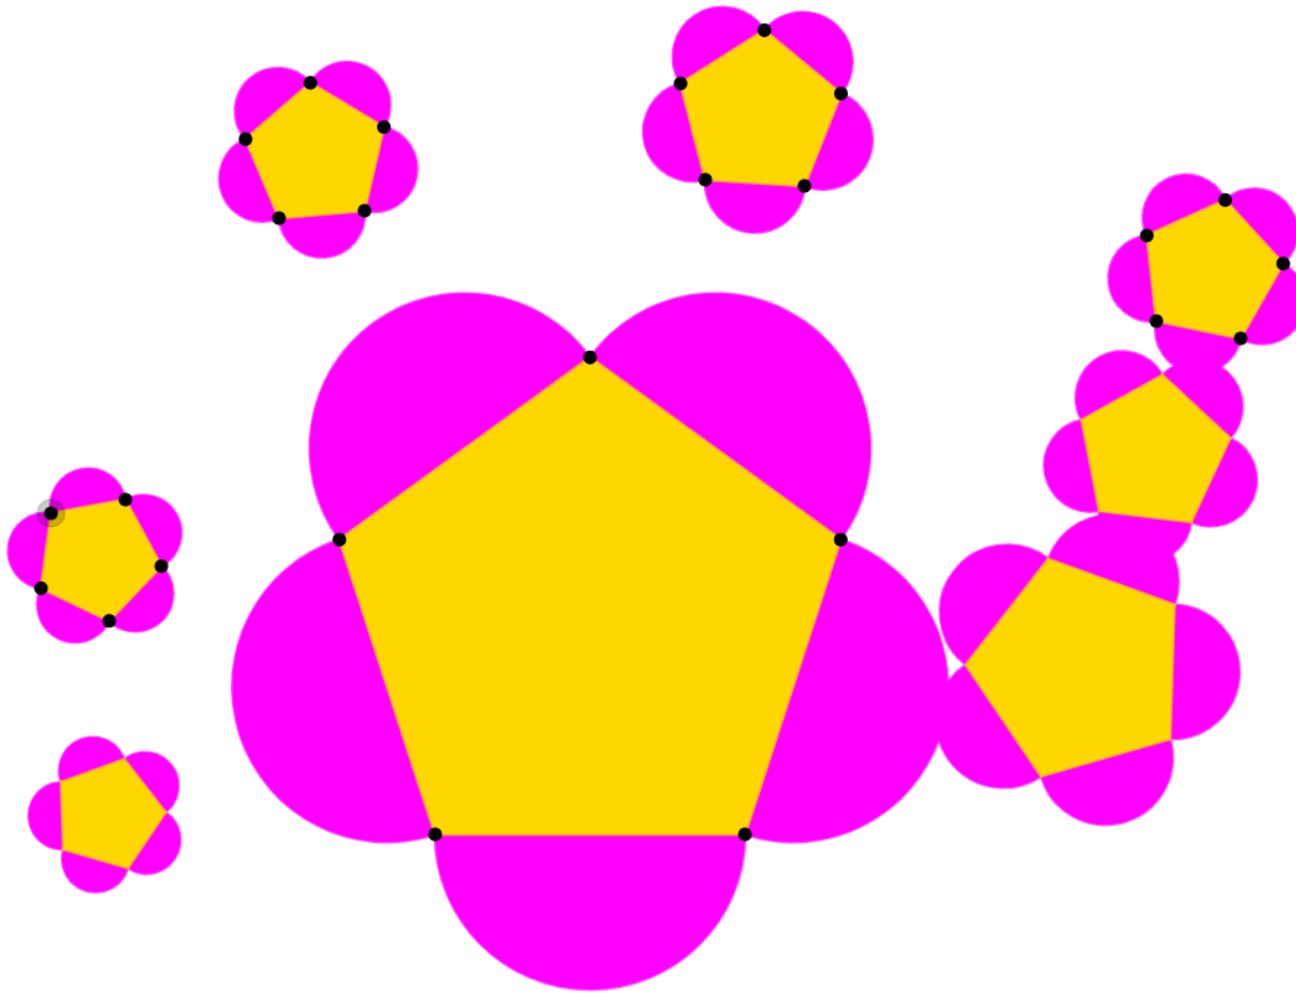

Rabiti Alessandro (IT) tried some tools of the German Students and liked it very much!

Franchini Damiano (IT) tried some too...but then wanted to put something new

Ciavarella Marina (IT), tried out these flowers...and couldn't decide if they were better with black dots or not.
