SERALE**

We have two locations one situated in Via delle Vigne Nuove and the other one in Via Roberto Rosellini

Economical Education: 9th to 13th grade

- In 9th and 10th grade the economical education has no articulations and it is called Administration, Finance and Marketing but from 11th grade the students can choose between:

Administration Finance and Marketing (specializing in high linguistic and IT skills, with knowledge of business process)

International Relations and Marketing (specializing in three foreign languages, with knowledge in geo-politics and management of national and international corporations and organizations)

Business and Information Technology Systems (specializing in computer science and database programming and management and Sport management)

Technological education: 9th to 13th grade

- Construction, Environment and Territory (Expert building designer and user of topographic and IT tools for the organization of construction sites)

-

Economical sector for Adult Education and training

The organization is different, because it is based on a different legislation and the Upper Secondary School is hinged to Provincial Centres for Adult Education. Our school offers for Adults an economical specialization: Administration, Finance and Marketing

Labs - Libraries - Aula Magna -Gym

- Both locations have Libraries and Labs.
- Integrated Science Laboratories: there are four Labs, two of Physics and two of Chemistry.
- The School has also eight Labs located between the two buildings. Six are Computer Labs and the other 2 are mobile Labs with ipads and Tablets
- In Via delle Vigne Nuove there are also technical Labs for drawing and for Topography
- Aula Magna (Lecture Hall) has 352 seats and is equipped with a fixed projector and audio and video station. It is used for events, ceremonies, conferences
- There are gyms and multipurpose outdoor courts

Due to world wide spread COVID emergency the Schools in Italy are working respecting ANTI-COVID protocols.

In this period our Labs are used as classrooms to provide social distancing and part of the schooling is through Integrated Digital Education.
