How we play in pandemic

1. Per culpa del covid ara costa més jugar a jocs de corre, per la mascareta i m'ha canviat bastant la manera de jugar d'abans.

2. M'ha canviat bastant l'espai de joc perquè abans teníem sempre el mateix espai, ara a vegades és més gran o més petit, un lloc o un altre i sempre es diferent.

3. No m'agrada que el parc ens fiquin una part perquè si volem anar a l'altre no podem, abans podíem anar a la que volíem.

1. La pandèmia m'ha afectat en com jo jugar perquè no puc jugar amb els meus amics si no estan en la mesa clara. També tinc que portar mascarata i si vaig al parc no puc respirar aire lliure.
2. La part bona de la pandèmia és que com no podem portar juguines i cotxes, nines o pilotes, som creatius, per exemple si portem pulseres, anells, etc. Ens inventem jocs nous.
3. Va haver una època que ens vam confinar i no podíem veure els amics ni sortir de casa i passava que si volíem jugar amb amics teníem que fer-ho amb vídeo-conferència i era molt diferent però era igual de divertit.
