

What did you like most of Etwinning?

Anastasia Merli:

I liked very much this experience, especially the exchange, the students were very friendly and we had a very good time! I hope next year we will go to Greece, not only because it is a beautiful country, but also because I miss all of them!

Morgana Celli:

I had a very good time with the Greek guys, I really enjoyed their company and it was a chance to practice English and also make new friends from a different country and with a different culture.
