# *MY SELF PLANNED TRIP TO ESTONIA*

*How I Spend My Time In Vacation*

## *EXPLORING OLD TOWN OF TALLIN*

This summer I was with my friend and also clasmade in small 3 day long trip to Tallin. We had been planning this trip more then 1 year, but some problems we couldn't solve still existed. One day I was chilling at home, I called my friend and told that we could make reservation at hotel, so she agreed. We booked a room in hotel and then told our parents. That was pretty crazy.

# PROS AND CONS I HAD IN MY SMALL TRIP

## WHAT YOU CAN LEARN FROM DECISIONS

We got there by bus from Riga central station. We were on the road for four hours while recharging my phone battery. We were watching "Bohemians rhapsody" on the screen in the bus. We get there at 11:00 a.m. and went to our hotel. I was first time in Tallin, but my friend already had been there with her mum. The thing I liked the most was the hotel with waterpark inside what we enjoyed a lot. We enjoyed nightlife as well. I prefer comfort traveling so that was like "honey for a bear". We also met a lot of people, because old town of Tallin was overcrowded. In last day of our little adventure we ate out delicious diner and went to see some new places. We asked some local people to tell us about some places that are not so popular. Some of places provided really breathtaking view on old town and the sea. Becoming dark outside so city lights were playing with last sun rays. Forgot to mention that waterpark was amazing.

Ofcourse nothing could be 100% perfect, so there were some things that I don't like. For example overcrowded streets at night, by tourists and also local people. On the one hand I understand the reason it were so overcrowded, but on the other hand, I wanted to take a break from Riga. Maybe I just choose wrong destination because Riga and Tallin look similar. Weather wasn't the best, because it was very vindy despite the fact that was summer.

*I definetly  
want to return  
to this beautiful  
town, but in  
other season.  
Probably it  
will be autmn  
with orange,  
red tree leaves  
and diffrent  
mood.*
