My Awesome Trip to Crete

BY KRISTAPS A. KAŅĒJEVS

Today i want to tell you about my trip to Crete in Greece. I went to this trip with my family. We where in Crete for 2 weeks and these weeks was on of my best in my life. This trip was organised by tour company because of this. Trip was well organised and we did a lot of things. We had time to recharge our batteries. The sights we saw wereq mind-blowing. I haven't seen so unique houses and building in my life. Our hotel was amazing. Whe slept in private houses and nex to our house we had big pool and 24/7 bar. Where we could get free drinks and food.

From our house to sea where only 3 minutes and water there was so warm so blue and shiny. I was really amazed. We tried paragliding and the view from sky to this island is something I cannot stop thing about. There is no word for describing the view.

We also rented car for few days. So we could drive to mountains and see Cretes unique and unspoiled nature. Me and my dad went for small hike to nearest mountains peak. On the walk back we went off the beaten track. After drive to mountains we went to nearest city where was local food festival. There was foods i have't seen before. We came across a lot of different local foods. Like fishes and vegetables. They tasted so good.

Next week went went with bout to near island called Santorini. It's Volcanic island but volcano is inactive 100 years but they still have earthquakes. I took boat to volcano and we could swam to It because of water water was very warm like 30 °C. I jumped from bout and swam and everybody started following me. Because there was line to climb down.
