Dearest Catalan Partners,

It is with great pleasure but with nostalgia that we are approaching the final closure of the project. We wanted to thank you for giving us the opportunity to participate in this Erasmus+ Project "SDGs Action!".

It was a constant challenge to be able to reflect with the entire school community on the Goals of the Agenda 2030 and we were all enthusiastic about it. Teachers, pupils, families, authorities worked and observed the progress of the project with great satisfaction and pride. We leave this project with the awareness of having worked with excellence and with great team harmony thanks to the coordinator of your school Josefina Vendrell Vila. We have all reached very high levels of learning, awareness, motivation and results obtained. Josefina was a great leader for the whole team: she was able to masterfully guide all the other partners even in the most difficult moments, demonstrating high competence in the role she held. Thank you very much for everything and we hope you will continue to collaborate with us on other projects in the future as well.

A warm hug from the Headmaster and the teachers staff of the ICS Romualdo Trifone of Montecorvino Rovella.
