Dear Catalan Team,

It was a great honor and a perfect experience acquired during this project.

The SDGs Action! Project was a big challenge for both me and the school.

The activities proposed in the project were interesting, challenging and with great impact on students, teachers, parents and the community. The coordinator, **Fina Vendrel Villa**, has always been the soul and teacher who impelled and even maintained this project, even in the difficult times that the whole of humanity went through. Patience, imagination and always optimistic attitude always determined me to keep up with the activities. He is a very organized person, caring and always willing to help, regardless of the day or time.

Thanks to her, the proposed activities not only achieved their goal but her involvement and desire to always be at the top also led to winning some outstanding awards.

Thank you from the bottom of my heart for your patience and tireless involvement. I also thank Esther for her help, for the collaboration I had throughout the project. You are a great team, with outstanding qualities both professionally and as people.

With special respect, thank you!

Bianca Ene
