

# TEACHER TRAINING SCHOOL

UNIVERSITY  
OF OULU

As a director of the Oulu University Teacher Training School, Finland,  
I am very pleased and proud of **the SDGsAction! project**.

The project helped us to develop our UNESCO school in many ways,  
including curriculum development, STEAM subjects, international networking  
(staff, students) and language enhancement. We also found new ways how to apply  
digital technology in pedagogical context. Erasmus+, eTwinning and Unesco -activities  
also fruitfully supported our practical work as teacher trainers. Furthermore,  
eTwinning 2021–2022 status was received for our school, thanks to the project.

I want to express my gratitude to our coordinator **MEd Raija Kärkkäinen**  
for her excellent job in this project!

Oulu, Finland, October 6, 2021

Dr. Kari Kumpulainen  
Director of Oulu University Teacher Training School
