Information about Heidenheim

The tour in Heidenheim:

- **Paulus church:**

People wanted a church but the city was poor but they gave them the property, so the people collected donations for 30 years. It last 4 years to build the church (1998).

- **City hall:**

Built 1970. The city grows so they wanted a bigger city hall.
Piercing: 2003 competition of architect.

- **Knöpfleswäscherin:**

There was a man who worked the whole day, so his woman made him lunch(knöpfle)but when she wanted to bring him the eat she fell and the lunch fell. The woman hadn't much time so she decided to wash the food in the river (Brenz).

- **Old city hall:**

Built 1846. In this time you can see that the city was wealthy because of the beautiful city hall
