First station

Research advantages of
traveling by train and
disadvantages of using the
airplanes.

Keep in mind we are fighting
climate changes!

Place your ideas on the forum.

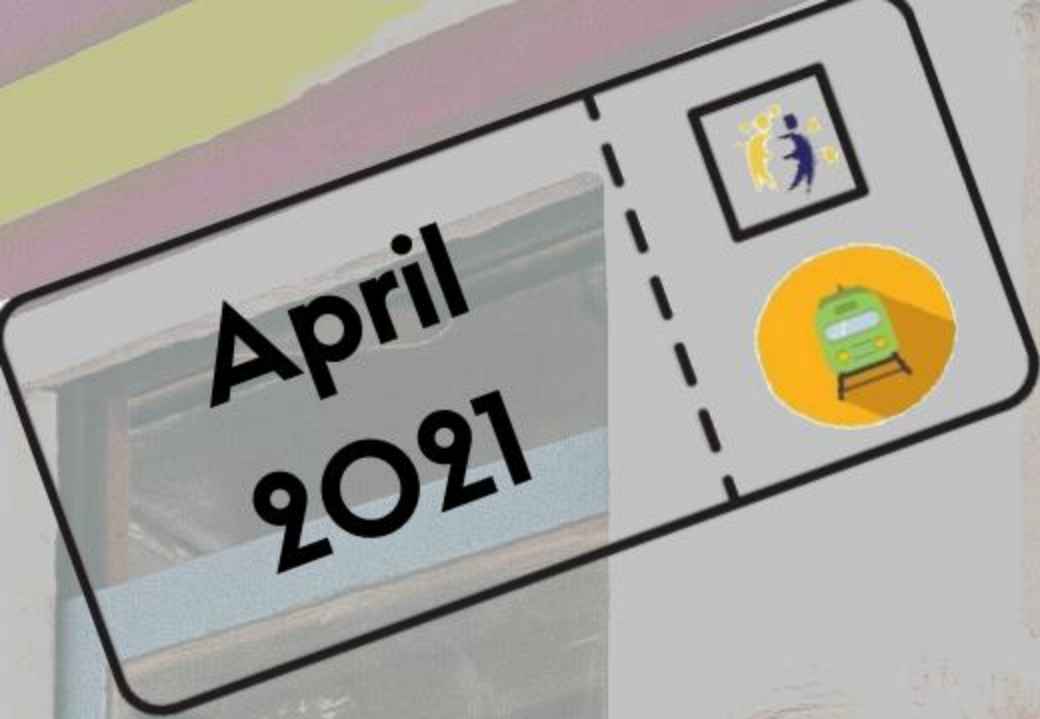

Second station

Create a poster alerting to the
need of using trains as a
sustainable way of transport!

Post your poster adding your
name and country.

Adobe Spark

Third station

In transnational teams
decide a journey through Europe.

Think of the cities you are going to visit and
what you are going to see! Each student gets
one European city.

Research cultural and historical aspects of
each city, such as gastronomy, famous
personalities or other cultural aspects.

Add your ideas on the forum

9th
May

Let's make a quick stop and
celebrate Europe's day
by creating the
Europe's train of values.

Each carriage has a value
and students opinions/ideas.

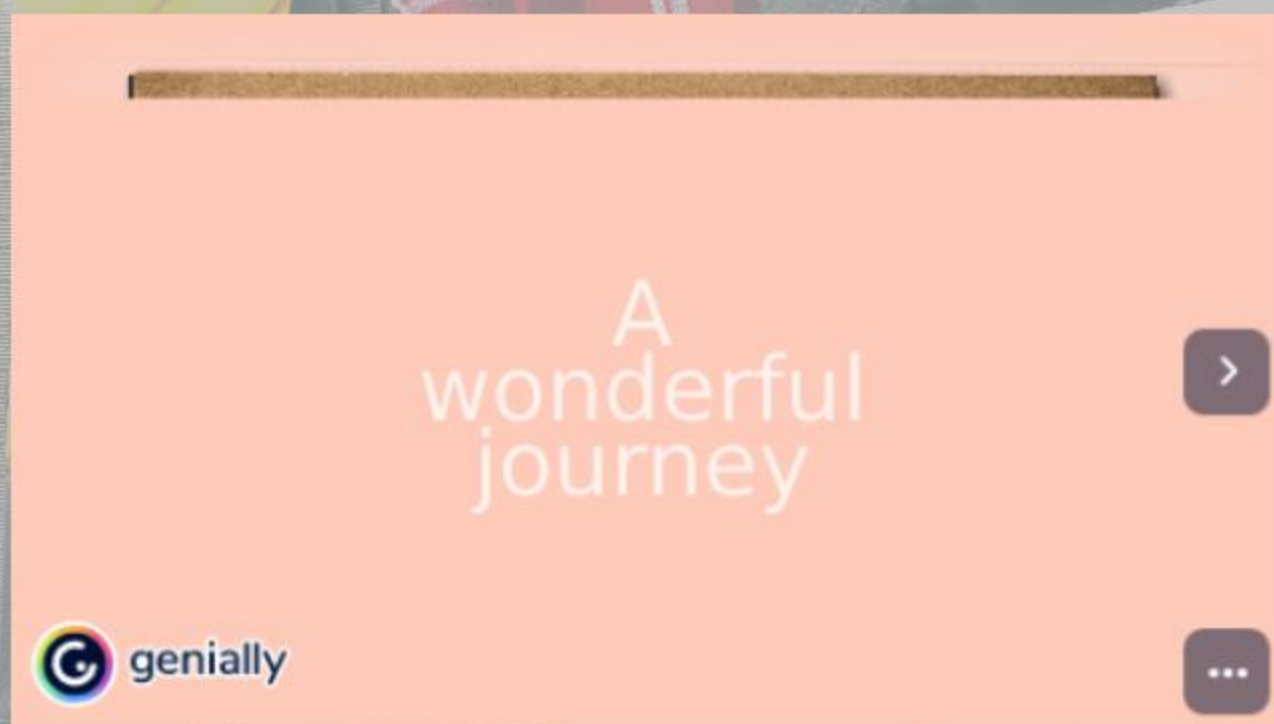

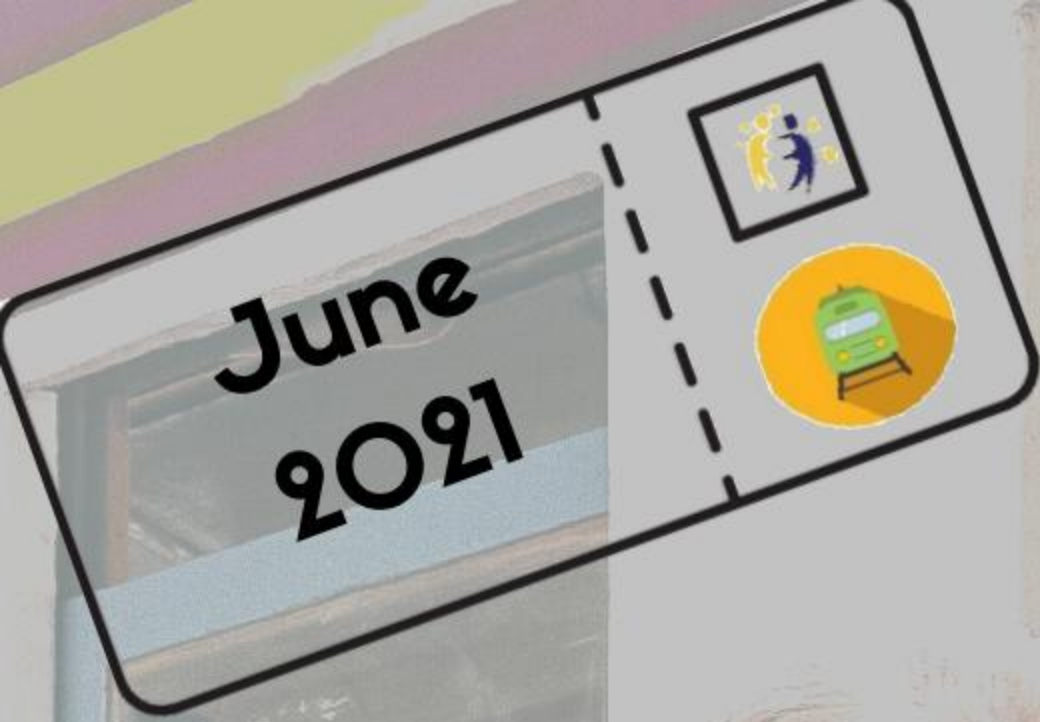

Fifth station

Create a collaborative presentation about your journey.

Use genially (look at the example)
