Separate the
trash and
place it in the
correct eco-bin

Do not pour
oils into sinks,
place them in
the proper bins

Remember
the 3 "R's":
Recycle
Reduce
Reuse

A vibrant green park scene with a large tree in the foreground, a manicured hedge, and a modern building in the background. The text 'Preserve the green spaces' is overlaid in a dark circle on the left side.

Preserve
the green
spaces

Plant trees
to improve
air quality

Use the
bicycle
whenever
possible

Participate
in beach
cleaning up
campaigns

Comemorações do Dia Europeu do Mar

PRAIA LIMPA

**Campanha de limpeza
da Praia do Pedrogão**

19 de maio | 10h

150 voluntários

Cercilei | Oásis | Os Malmequeres

Use
rechargeable
batteries

End production of diesel vehicles, as they release a lot of pollution (carbon dioxide), which damages our health and the environment. Choose hybrid vehicles.

Restrain the fumes (gases) released by the industry, as they cause atmospheric pollution and can cause environmental or human health impact through contamination.

Stop the
toxic waste
spills

Conclusion

- The conclusion we take from this work is that we have to avoid damaging the environment, since all living creatures also depend on it.
- It is very important that every person in the world understands that a clean environment is very important to the health of all the human beings, as well.
- Any kind of pollution causes harm to the environment, and that is very bad for humanity.

We hope we have added something
to your knowledge.

Thank you for your attention!
