Our Legends and Fairy Tales

Presentation of students and school activities

-Who are we?

Hello friends, let us introduce our class and our school life!

We all attend “Liceo classico Mandralisca” (High School for Classical Studies), the only Liceo Classico in our small town: Cefalù!

Our school days go from Monday to Saturday. Every morning lessons begin at 8:10, they finish at 1 p.m. thrice a week and at noon thrice a week with a short break - from 11:10 to 11:20 - during which we can have a snack and go out in the schoolyard.

We study really hard because subjects aren't always simple...

Greek is our weakness (and that of every school mate, I think 😊), but together we can defeat it!

People usually think that in a Liceo Classico students study too much and only human sciences: IT'S NOT TRUE!

Most of us study a lot, but it depends on the single student. We don't study only Italian, Latin, history... but also scientific subjects like maths, physics, biology, chemistry and foreign languages, of course!

Now it's time to introduce ourselves: we are Class VC and here are some details on each of us!

-In Class VC there are 16 students:

°MANUEL BARRANCO

**He was born on the 16th July 2001 and lives in Cefalù.
Manuel loves playing football and basketball.**

°SOFIA BARRANCO

She was born on the 6th June 2001. She plays the violin and the piano quite well, indeed she helps us on every school event. She can swim well too!

°RICCARDO CEFALU'

Riccardo (called also Rich or Richard) was born on the 12th April 2001. He loves playing videogames, especially “Clash Royale”. Would you like to have a party? Don't worry, Rich has got a really nice house by the sea: GREAT!!

°SOFIA CIMINO

She was born on the 27th July 2001. She's from Gratteri, a really small town near Cefalù (like The Flintstone's town, I mean). She loves reading and also hanging out. We sometimes go to Gratteri to have a pizza all together: pizza is terrific there!

°GUIDO COSTAGLIOLA

Guido (who is writing, LOL) was born on the 12th August 2001. He loves cooking and eating his own dishes. He really likes animals, in particular GOATS. He is very self-centred: when we tell him, he says: “Guess who doesn't care, goat!”.

°REBECCA DIMARCO

Rebecca was born on the 20th February 2002 (yeah, she's still young XD). She loves reading and acting, but her true passion is dancing. We sometimes dance all together during PE at school

°DIEGO FERRANTE

He was born on the 4th March 2001 in Palermo, but he lives in Cefalù, at present. He loves playing football and he plays the violin very well! Instead he's hopeless at dancing!

°GABRIELE GLORIOSO

Gabriele was born on the 8th November 2001. He is very friendly and modest. He loves every kind of sport, especially football: he is very good at it! His favourite player is the number 8: Paul Pogba.

°ELISA GUARNIERI

She was born on the 14th March 2002. Elisa is from Caltavuturo (another Flinstone's village near Cefalù ☺). She's the youngest of our classmates! She's so friendly, so she loves staying with her friends.

°MARTINA ILARDO

Martina was born on the 10th July 2001. She's reeeeeaaaally extrovert, sometimes too much! She likes dancing and going to the gym, she's a real sporty girl!

°FLORIDEA LARICCHIA

Flo was born on the 21st September. She's from Lascari, another small town near Cefalù. She loves English and she's also really good at it. She attends a dancing school in Lascari and there she practices different types of dances, like Zumba!

°GABRIELE MANNARA'

Gabriele (Manny for us) was born on the 13th December 2001. He's a sporty boy: he plays football in the same team as Gabriele G. "A.S.D. Sporting Cefalù"; he's really good at it!

°SOFIA PIRO

She was born on the 5th November 2001. She's from Lascari, like Florida. Sofia loves cooking dessert, but she has horrible tastes about design! Her dream is opening a restaurant in New York! Fantastic!

°SILVANA SANTACOLOMBA

She was born on the 16th May 2001. Strawberries, strawberries strawberries, strawberries; have I said "STRAWBERRIES" yet? Well, Silvy loves Lorenzo Fragola and all his songs!

°MATTEO SCELSE

Matteo (also called "Il Fantasia") was born on 1st October 2001. He really likes playing football or basketball with his friends. He sometimes has to be a lot more extrovert, but we are working on it!

°SARAH SERIO

She was born on the 9th October 2001 and she lives in Cefalù. Sarah is very friendly and has a lot of friends. We all love her! She plays basketball quite well. She's sometimes a little bit to ANXIOUS!

Here's a photo of us:

°Our English teacher is Emanuela Adesini! It's her who presented and involved us in this "E-Twinning" project and, of course, we said YES!

-Some other activities out of school:

We don't always study between desks of school, in fact we attend different school trips, especially during April or May. Students usually visit places that can be useful for studies; for example, last year we

went to Syracuse in order to watch 2 Greek tragedies: "Elettra" and "Alcesti". It's been a great trip! This year we are going there again, hoping for two days of relax! In addition to this school trip, last year we went also to a biology and geology exhibition in Palermo. It was really interesting, in particular when we attended a simulation of a volcanic eruption.

-Classic High Schools Night:

Every year since 2015 our Liceo organizes a big event called “The Night of Liceo Classico”: a national event for all the Italian Classic high schools. This year it’s been really pretty! Rebecca has performed as Lucia Mondella, the main character of “Promessi Sposi” (The Betrothed), an Italian historical novel written by Alessandro Manzoni, and acted “Farewell Mountains”, a really tragic scene. The boys instead read a poem about migration (the theme of the entire night). It was a fantastic event to promote our school.

-“Classico Night”:

“Classico Night” is the name of our School party that takes places every year in December. Except for this year because it took places in January. It’s a terrific way to take a break from everyday school life!
