WHAT IS OUR PURPOSE?

- Learning how to take your classroom from traditional to digital age, without changing the curriculum.
- Teach English by using Web 2.0 tools while having connect with different cultures and traditions in the world.

28.10.2017

- Our Project Schedule will be flexible.
- We want you and your students to be involved. So that they develop their decision making skills.
- For this we will try to make webinars every month.
