Erasmus+

Our town belongs to all of us!

- Town: Năsăud, Bistrița- Năsăud County, Romania

Identified problems in our local community

Environment protection

Free time facilities for teenagers

Sorting the waste

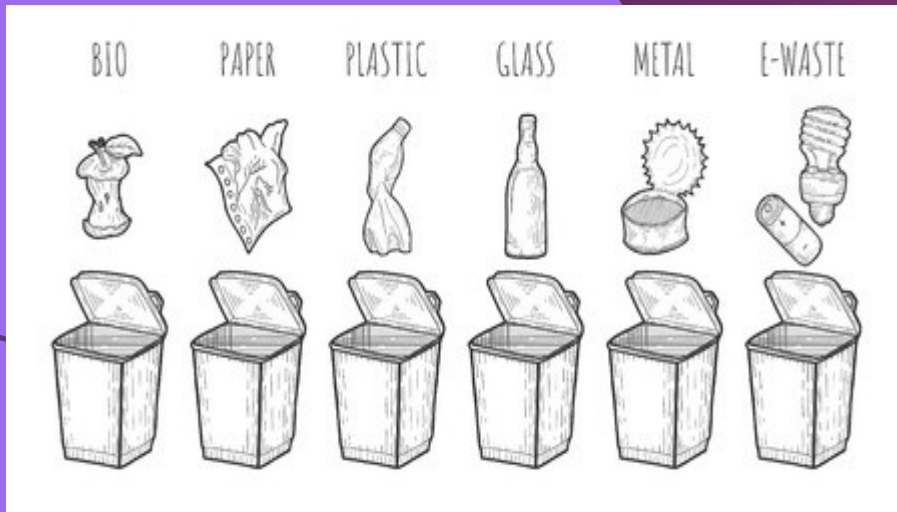

A lot of traffic

Short presentation of the local problems

- ▶ **The traffic is congested, especially in the mornings, or on Thursdays, when it's a market day.**

- People don't sort their waste into plastic, paper, glass, metal, organic waste. The majority of them put their waste in a plastic bag and they throw it into a bin without a sorting process. This leads to higher bills for collecting garbage.

Lack of free time facilities for teenagers

Părculețul copiilor de lângă stadion va fi deschis zilnic de la ora 11

We have got a playground for smaller children.

We have got a football field/ stadium for the local football club.

The children between 10 and 17 really wanted a skate park to spend their free time.

Environment protection is also one of the local community problems.

The “Somes” river pollution is high because of the people who throw their waste into the river, especially plastic waste.

How can we solve these problems? What can we do?

▶ 1. CONGESTED TRAFFIC

- ▶ WALK TO SCHOOL/ WORK
- ▶ RIDE YOUR BIKE, SKATEBOARD
- ▶

**GREEN
MONDAY**

AT "MIHAI EMINESCU"
SECONDARY SCHOOL

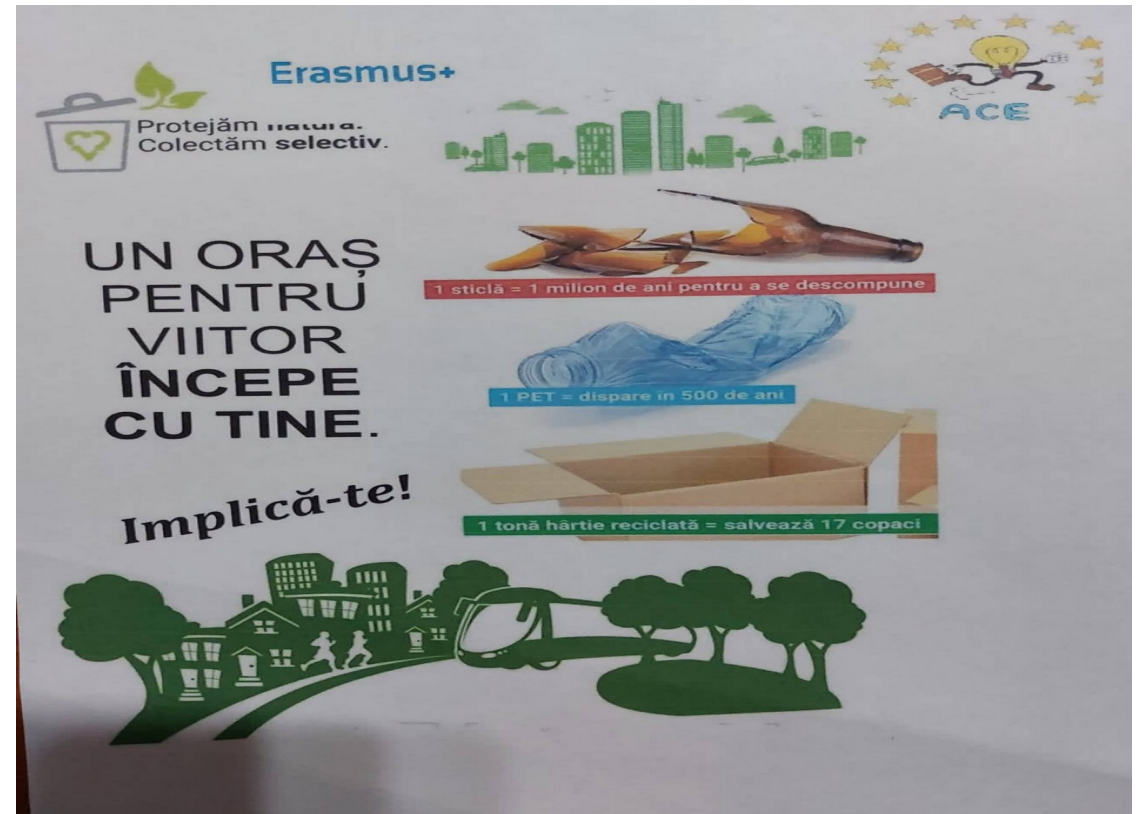

WALK!

RIDE
YOUR
BIKE!

► 2. Unsorted waste.

- We made a leaflet about the importance of sorting out the rubbish, in order to distribute it to the town citizens.

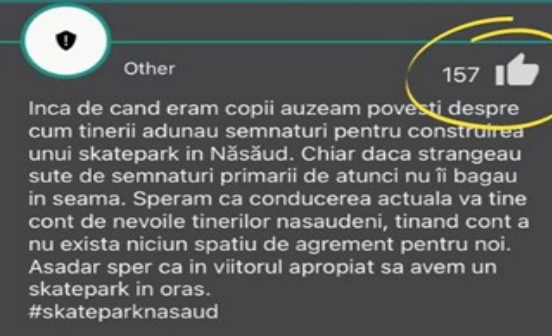

3. The lack of a skate park

- ▶ a lot of our school students voted the notification from the City health application related to the lack of a skatepark in our town
- ▶ in a short time it became the most voted complaint, therefore the most wanted thing in our town.

#NĂSĂUDULsedigitalizează

#Primăriaînslujbacetățeanului

4. To protect the environment

- ▶ We applied the three R's of waste management

Reduce

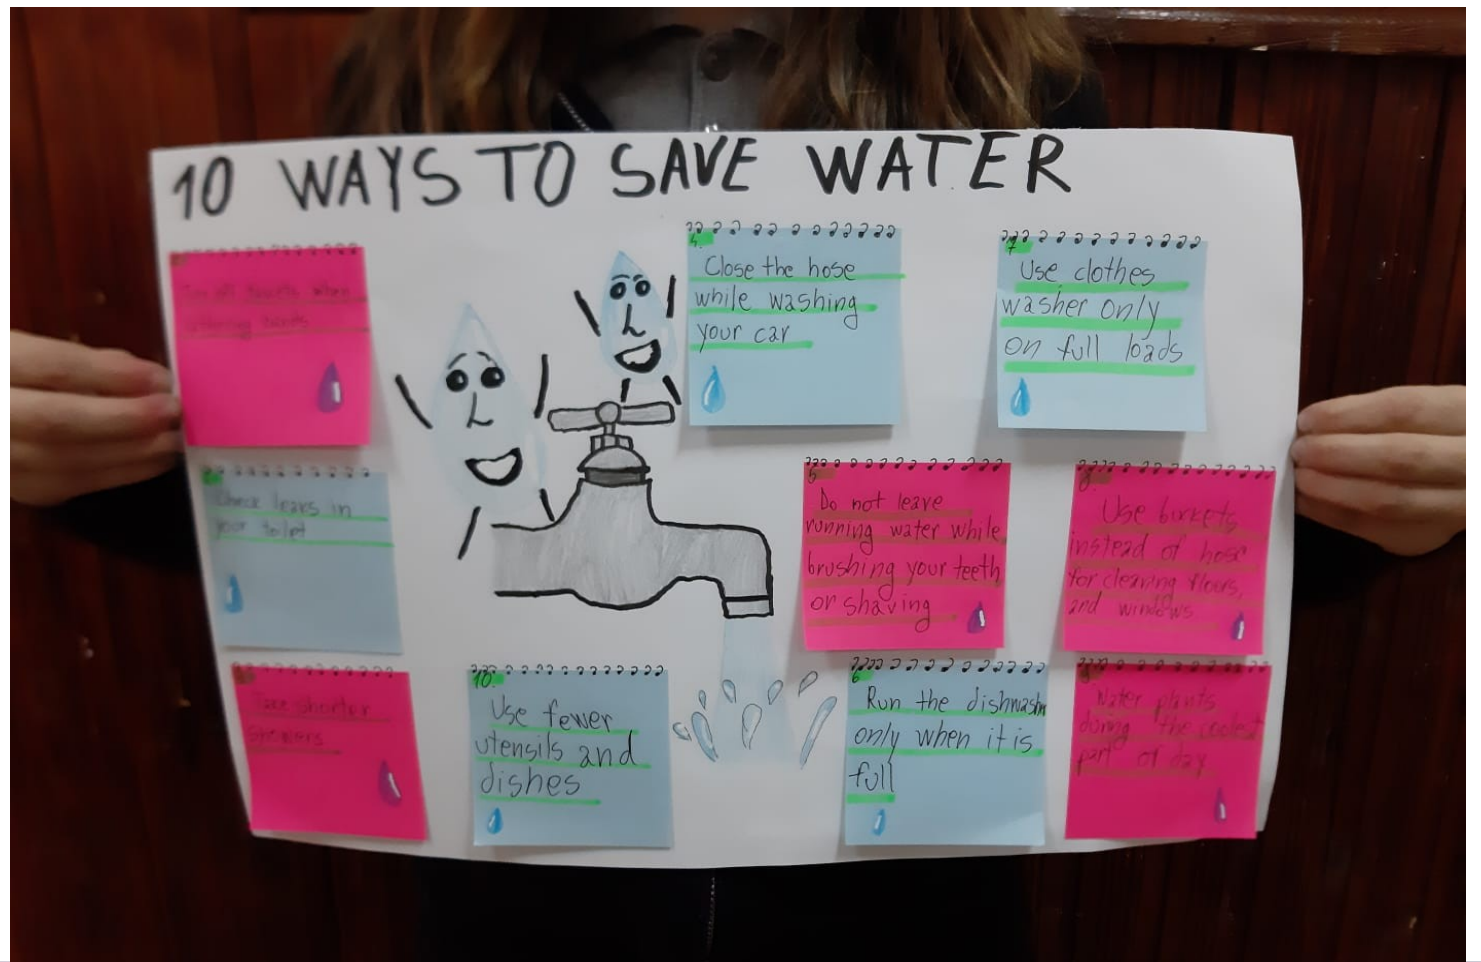

Reuse

Recycle

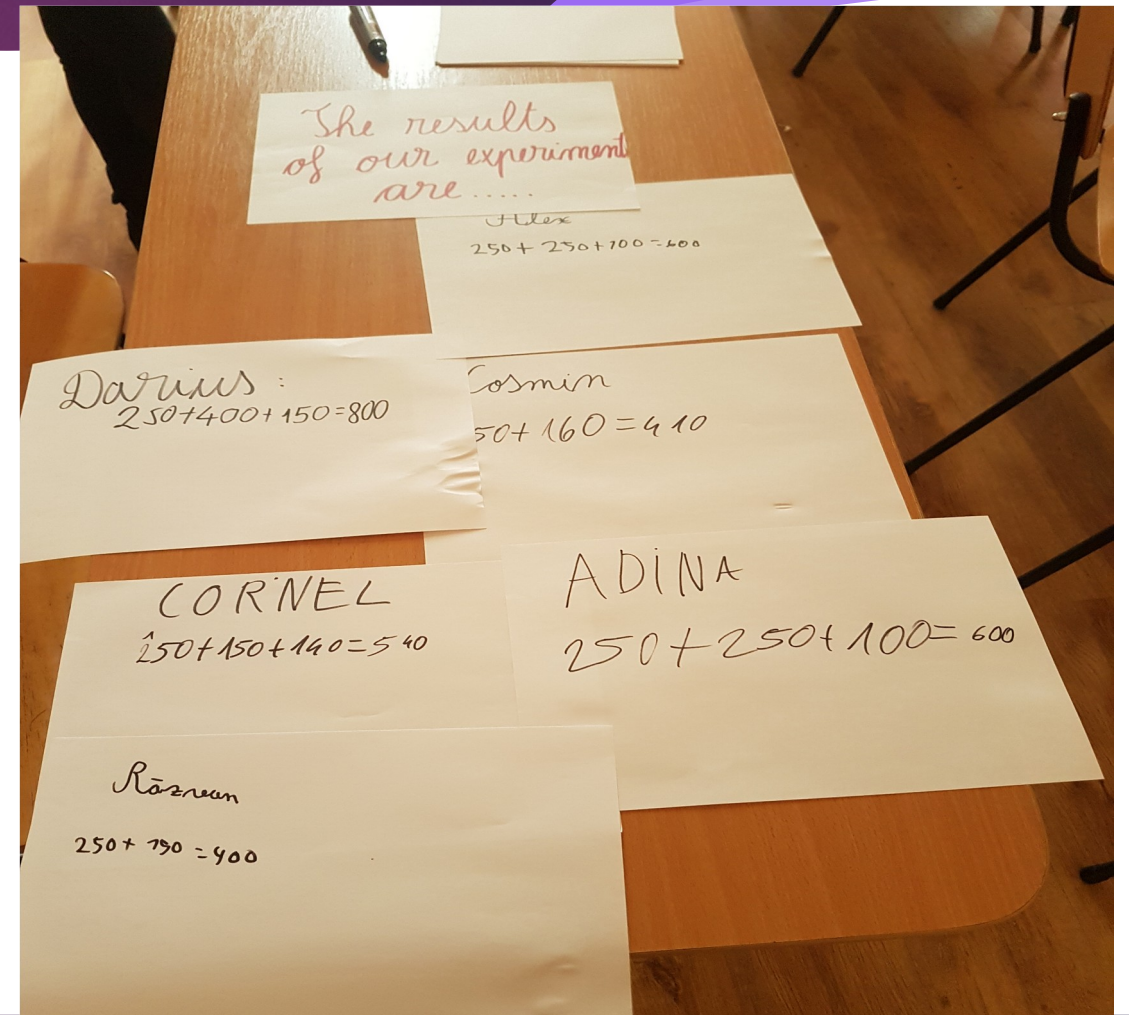

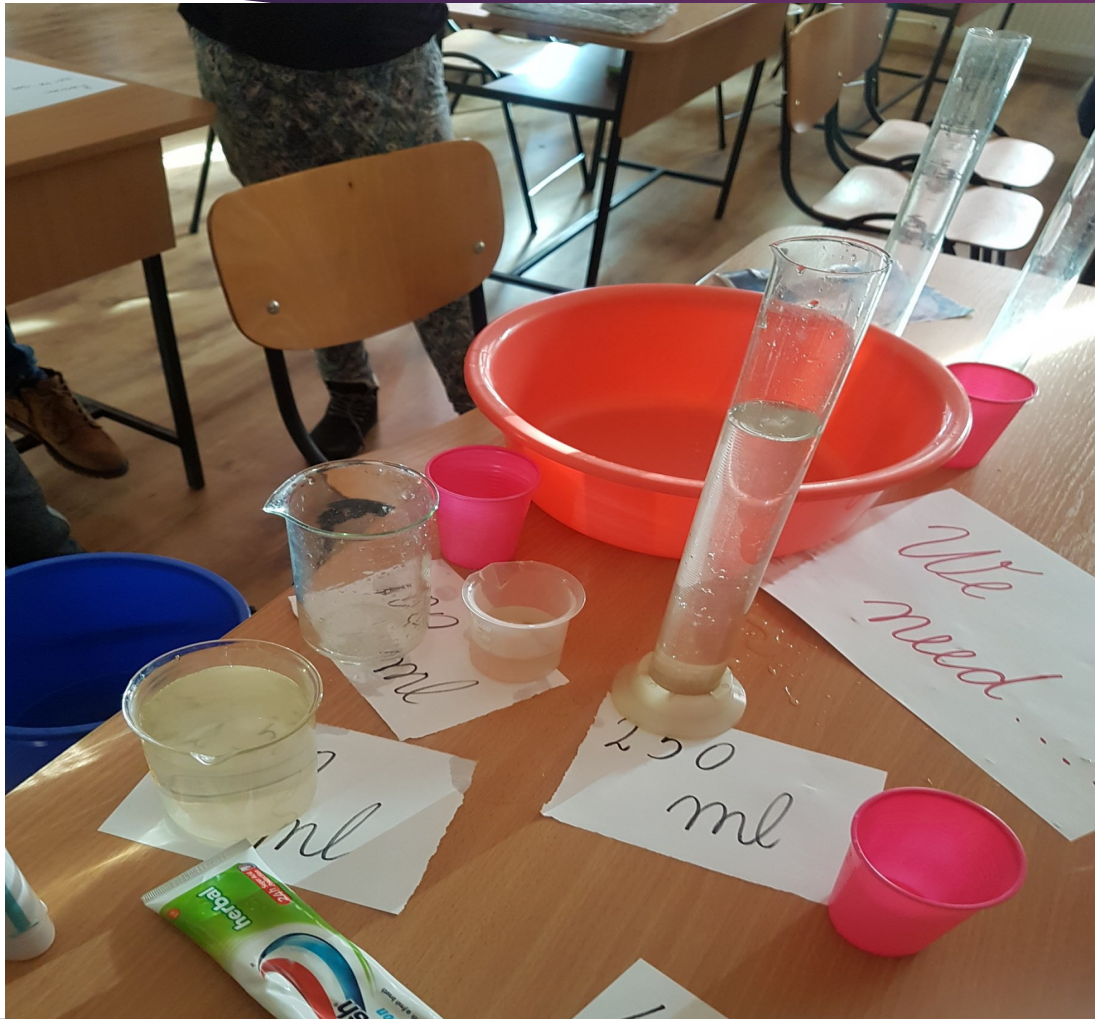

Reduce the water consumption

► We made school projects:

A Challenge: How much water do we use when we brush our teeth?

We recycled the plastic thrown in the water of the river Somes

We researched: **DOS/ DON'TS** IN ORDER TO BE **ECO FRIENDLY**

DOS	DON'TS
<ul style="list-style-type: none">➤ Use a reusable water bottle	<ul style="list-style-type: none">➤ Say no to bottled water
<ul style="list-style-type: none">▶ When you go to the supermarket take your own canvas bag	<ul style="list-style-type: none">▶ Don't use disposable, plastic bags.
<ul style="list-style-type: none">▶ Pack your lunch in a lunchbox	<ul style="list-style-type: none">▶ Don't use paper and plastic bags. They take hundreds of years to decompose
<ul style="list-style-type: none">▶ Reduce the amount of paper used	<ul style="list-style-type: none">▶ Don't print out so many documents/ photos
<ul style="list-style-type: none">▶ Reduce the amount of energy	<ul style="list-style-type: none">▶ Don't leave lights, television or computers on, when you're not using them.

DISSEMINATION OF OUR PROJECT

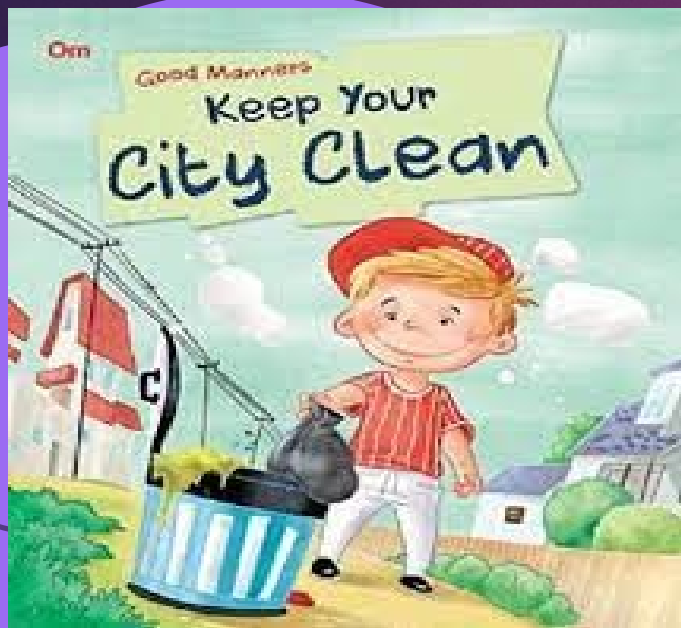

- ❖ WE VISITED THE TOWN HALL/ TALKED TO THE MAYOR
- ❖ DISCUSSION TOPICS:
- ❖ GREEN MONDAY
- ❖ SORTING WASTE
- ❖ THE THREE RS STRATEGY IN ORDER TO PROTECT THE ENVIRONMENT

Suntem deschiși la toate ideile și proiectele care își propun să îmbunătățească viața nășăudenilor

Astăzi am primit în vizită un grup de liceeni isteți cărora le pasă de mediul înconjurător

WE DISTRIBUTED LEAFLETS ABOUT THE IMPORTANCE OF SORTING OUT THE RUBBISH

**WE DISTRIBUTED
OUR IDEAS,
PROJECTS,
CHALLENGES,
RESEARCH ON:**

- THE SCHOOL
FACEBOOK PAGE
- ON THE TEACHERS
AND STUDENTS
WHATSAPP
GROUPS

**▶ IN ORDER TO
MAKE OUR
VOICE HEARD**

RESULTS

WE ARE STARTING TO THINK GREEN
