

TOGETHER WE CAN – ERASMUS+ KA2

Our Group of Schools applied last March for Key Action KA2 of the Erasmus + Program, Strategic Partnerships for Education. Our Project was selected, being placed in 6th place. The countries participating in this project are Italy, Spain, Cyprus, Poland and Portugal, as the coordinating country.

This project, entitled "Together We Can", is based on the notion of inclusive education, addressing issues such as interculturality, solidarity, social and economic discrimination, gender equality and the integration of migrants and refugees.

The Project also foresees the mobility of students and teachers by the 5 countries involved.

As the coordinating country of this Project, the first activity will be held here, so next November we will receive the students and teachers from the other countries.

The Project will run from 2018 to 2020 and its Coordinator is Maris da Conceição Vasconcelos.
