**Departure Day**

**Notes:**

It has been chosen to do the main work on the project evaluation/final reports on Day2/Sunday so that any matter surfaced can be worked out on Day2/Monday and Day3/Tuesday with staff leaving Gemona in the afternoon.

Because of the summer temperatures the meetings are held in a private location.

Lussari Sanctuary is located on the easternmost peaks of the Alps that have been the natural border between the Latin, German and Slavic worlds since time immemorial. Today, in a time of peace, people still speak the languages of these peoples and their valleys are places of friendship and cooperation. Attracting pilgrims from three lands, the shrine of Monte Lussari, in the northeastern corner of Italy, is truly European and a symbol of this peaceful coexistence. Lussari is reachable by car (about 1 hour/60 km from Gemona) and then by cable or on foot

Lussari sanctuary is accessible by foot via the picturesque Sentiero del Pellegrino (Pilgrim's Path) that winds through the forest of Tarvisio, or with the cable car from Camporosso.
