

Class 4

HAZARDOUS WASTE IN THE HOUSEHOLD

GOALS:

- knows basic signs (pictograms) for hazardous waste,
- on the basis of symbols identifies hazardous waste and how to appropriately handle it,
- takes care of their health,
- knows the meaning behind separate collection of waste.

Work process:

- Examination of different products with symbols for hazardous waste. Discussion.
- Explanation: Some substances that we often use can be dangerous, hazardous for our health or the environment. They are labelled with special signs. We store them in the original container and in a safe place. While using them we follow instructions for use and, in case of an accident, first aid measures. We separate hazardous waste.
- PPT: viewing and discussion

ACTIVITIES

1. Activity: MEMORY GAME

Pairwork:

- PICTOGRAMS – What do they mean?
- They cut the signs out and glue them on cards. (Worksheet)
- Reading description. They cut the descriptions out and glue them on cards.
- They mix the cards up and put them in an envelope.
- Game: What goes together?
- The task of the pair is to appropriately link the pictogram with the description.
- Annex: Worksheet

2. Activity: SEPARATE COLLECTION OF WASTE PACKAGING/RECYCLING

Pairwork:

- Pupils bring the waste packaging they collected beforehand to school.
- Make a toy by using the waste packaging.
- Cross-curricular link: Art

END

Exhibition of pupils' creations. Playtime.

WORKSHEET

EXPLOSIVE	FLAMMABLE	CORROSIVE	TOXIC	HARMFUL TO HEALTH	DANGER FOR ENVIRONMENT
-----------	-----------	-----------	-------	-------------------	------------------------

DUE TO IMPROPER USE, A PRODUCT LABELLED WITH THIS SIGN, CAN CAUSE SKIN ULCERS OR SEVERE EYE INJURIES.

PRODUCTS, WHICH ARE LABELLED WITH THIS SIGN, ARE VERY HAZARDOUS TO HEALTH AND MAY CAUSE DEATH. CHILDREN MUST LEAVE SUCH PRODUCTS ALONE. ONLY ADULTS CAN USE THEM.

PRODUCTS, WHICH CONTAIN SUBSTANCES HAZARDOUS FOR THE ENVIRONMENT AND ENDANGER LIVING BEINGS IN WATER OR ON LAND, ARE LABELLED WITH THIS.

SUBSTANCES, WHICH ARE EASILY FLAMMABLE NEAR A WARM SOURCE, ARE LABELLED WITH THIS SIGN.

THE SIGN LABELS A HAZARDOUS SUBSTANCE WHICH CAN EXPLODE DUE TO FRICTION OR IF IT IS HIT.

THIS SIGN WARNS ABOUT VARIOUS VERY HARMFUL EFFECTS ON HEALTH. THE SUBSTANCE, WHICH IS DANGEROUS IF INHALED, IS LABELLED.
