

Hi everybody!

My name is Caterina and I'm 15 years old. I live in Imola, a small city near Bologna, with my mum and my dad. I have an older sister of 20 years old, who lives in Florence, because she's studying there at architecture university. I'm quite shy and even too responsible, but I'm also friendly, nice and very generous.

I'm attending the second year of language high school, I study English, Spanish and German, in addition to the others core subjects. I like studying and I like my school. In my spare time I like reading, going out with my friends, dancing in the disco, watching films and shopping. I'm not so sportive, but I go to the gym twice a week, I do a dance course to distract me. I've been playing the piano since I was 5. I play mainly classical songs, but recently I found the arrangement of actual songs of famous singers, like Adele, Lady Gaga and the rapper Macklemore.

My favorite hobbies are writing and cooking. I cook every kind of recipes and I love experiment new tastes, smells and try new ingredients. In my future I see myself in a foreign country, or around the world. I'd like to visit as many countries as I can! My crazy dream is open a bakery with my friend Enrica, not in Italy, obviously, and prepare muffins, cupcakes and delicious sweets from the sunrise to the sunset, but I also would like to be a writer.

And what about you? I'm looking forward to know you.

If you want to get in touch with me, my e-mail is caterina.paolucci@hotmail.com

Bye!!

Hello everyone!

My name's Sonia, I'm fifteen years old and my birthday is in November. I live in Osteria Grande, a small village near Bologna and I'm attending the school 'Alessandro da Imola' to study languages like English, Spanish and German because I'm really interested in them.

I don't know what I'd like to be when I will be older, but I think I will attend University. The only thing I know is that I want to travel the world, maybe for this reason I chose this school.

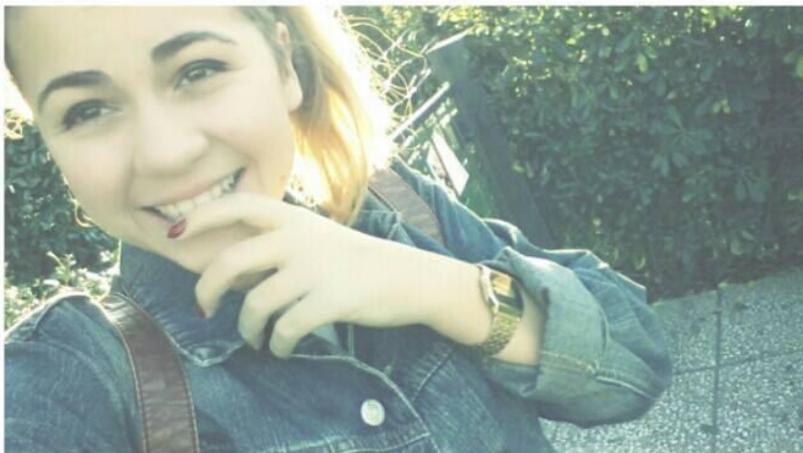

In my free time I like go to the gym, go out with friends and listen to music. I don't have a favourite group or singer, I usually listen to all.

I have a little sister that now is nine years old, I love her and this is a picture when we were younger. We have some photos together because our parents loved taking photos to us.

HI EVERYONE!

Hi, I'm Martina and I'm 15 years old. I live in a small village called Borgo Tossignano with my family and my dog Rolly. I've got a lot of friends here and I always have fun with them: we love going to the disco, cooking together, going out and doing parties. At the moment I'm attending Alessandro da Imola High School in Imola, I'm in the second year. I like my school and all the subjects that we study, such as German or Spanish and English obviously. My classmates are fantastic! We help us each other and we try to have fun sometimes. In my free time I practise artistic gymnastic three times a week and I listen to music or I go out with my friends, but most of all I love going shopping. Clothes and shoes are my passion, I love buying them. I love taking photos and painting nails too (probably one day I will open a "nail lab" in New York, who knows).

Hi everyone!

I'm Enrica and I'm 15 years old. I'm attending liceo Alessandro da Imola in Imola, a small town near Bologna, in Emilia-Romagna. At school I study foreign languages such as Spanish, English and Germany and I love this school but I'd like to become a baker. I'd like to open a bakery with one of my friend, and making Italian cakes and sweets in London. In my free time I usually go out with my friends, go to the gym and listen to music. My favorite group is One Direction. And I love photography too, I like taking pictures of nature, sunset and of the sky when it has particular colors.
