

Hello :),

my name is Miriam Pogranová and I am 17 years old. I live in a town which is called Dobříš. It's quite small town (around 8,000 inhabitants) but I like it. It's near Prague and it has wonderful countryside :). There is also my grammar school Gymnázium Karla Čapka in Dobříš.

*Me :)*

I live with my parents, siblings and grandma. We are a big family. I've 4 siblings :). My first sister and the oldest one is Anna. She is 23 and she studies the University of Art in Prague. Second one is Magdaléna (or Magda) and she's 21. She studies the University of Economics also in Prague. My

brother's name is Jakub and he is 20. This year, he began studying cybernetics. My younger sister Johana is 13 and she studies the grammar school Gymnázium Karla Čapka like me. My parents are both 50. Dad is an artist and mum is a teacher.... And of course I think my family is the best I could ever have ;) :D.

In my free time I like listening to music (for example One Republic, Coldplay, but also classical music), dancing (I used to dance modern dance for seven years and now I sometime dance Latin and Standard dances), sports, taking pictures and mainly recording and editing videos. I love it. I also like travelling and in a few years I want to visit USA or Canada :).

Another very important thing for me is friendship. I'm introvert and quite sensitive person. But when I am with my friends, I'm crazy and funny :). I've very good friends and I have lots of fun with them :). So I think it's all about me :). ....

If you want you can add me on facebook and write me. I'll be very glad ;).

I'm looking forward to you :).
