

HI EVERYONE!

We are Margherita, Alice, Sara, Chiara and Martina; we are all 15 and we live in Imola, a little but great city in Emilia Romagna, Italy. We are attending the second year at the “Alessandro da Imola” high school. We are studying English, Spanish and German.

Hi! My name is Margherita Salaroli. I'm quite tall and I've curly, long and brown hair. I'm outgoing, messy, chatty, energetic and I've also a radiant character. I'm an athletic girl and I love doing sport. I've practised athletics since I was 12 and I still train three times a week. I like especially long and triple jump and hurdles but I'm also a sprinter, I'd like to become a good athlete. On Saturday evening I like going out to eat a pizza with my friends and then watching a movie together.

I like travelling very much and in the future I'd like to go to Buenos Aires. I don't know why I want to visit this city but I think it's amazing. In my free time I don't like reading books and tidy up my room but I'd rather take photos, cook and listen to music; I listen especially to pop music. I don't have a favourite singer. I love going shopping with my mum or with my friends.

Hi! My name is Alice Santi. I've got short black hair, I am quite tall and thin. I have a boyfriend. Well, no, that's a fridge. I have a fridge. I like listening to music very much. I listen to music more than what I listen to my parents. I love rock music bands such as Nirvana, AC/DC, Red Hot Chilly Peppers, Led Zeppelin and Guns 'n' Roses. I've practised athletics since I was 9 years old. I love running. My family is quite small.

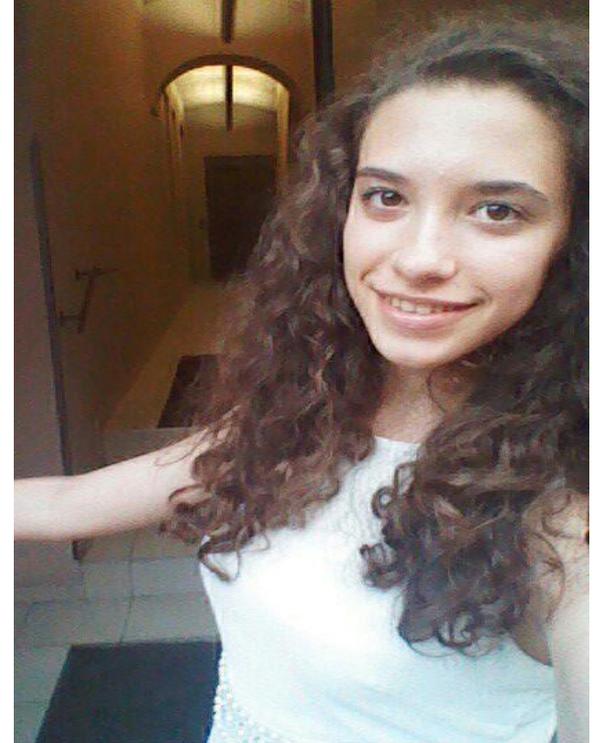

My mom, Anna, is a teacher at middle school, my dad, Fabrizio, is an employee and my sister, Marta, is attending primary school.

Give me chocolate and nobody gets hurt. I love pizza, cakes and obviously chocolate. I eat cakes a lot because it is always somebody's birthday somewhere. I love funny and fantasy movies.

My name is Sara, I'm 15 years old and I was born on the 31 of May in 1999. I'm tall, thin, my hair is long, wavy and brown.

I'm kind, sensitive, shy, optimistic and cheerful. I love dancing! I have practised dance since I was 3. I still practise classical dance twice a week. In the past I performed in different theatres. I'd like to become a good dancer. I've got a sister Debora, she is 12 years old. She is a good dancer. She won a lot of medals and prizes last year.

In my free time I love listening to music, reading books and watching tv. On Saturday I've only four lessons at school and in the afternoon I go out with my best friend Allegra. We usually go shopping or watch movies. We have great fun together! I love travelling! I would like to visit all the world, especially California and Australia.

My name is Chiara and I'm 15 years old. When I was a child I had blond hair, but now they're getting darker and darker. I look like my mother, but luckily I've got my father's character. My little sister is called Sofia and she is 12. We sometimes have arguments and fight, but I love her.

I'm shy with people I don't know but if you ask my friends they will tell you I never stop talking. I can be moody. The thing I hate most is duplicity.

I don't have any pets. I'd like to have a dog, but my parents don't. My favourite type of dog is the Labrador. I like reading books, eating chocolate and lying on the sofa. I also like listening to music, especially pop music, and I like taking photos. Although I haven't travelled a lot, I am not satisfied yet. I'd like to become a journalist and visit a lot of countries. I am not a sportive girl, but I like dancing.

Oh! I was forgetting my real passion, **PIZZA!!**

My name is Martina, I'm 15 years old and I live in Castel San Pietro Terme, in Italy. Now I'm attending "Alessandro da Imola" a high school specialized in modern languages here in Imola. Now I'm in the second year of the high school. I like it because I really love languages! One day I would like to learn some other languages to travel all over the world without any problem. In fact, in the future I would like to live in Amsterdam. My favourite subject is Spanish, it's a very beautiful language. I also get good marks. Instead I'm not so good at math and I don't like it so much! Sometimes I hate it! I also study English and German at school.

One of my biggest passions is gymnastics. I practice it 5 or 6 times a week for 4 or 5 hours a day. I do a lot of competitions, some of them are at regional, national and sometimes international level. My next targets are the Europeans and the Italian Championship for which there are a lot of gymnasts from all over Italy and of all ages starting from 14 years old.

I have some other hobbies such as listening to music, reading books etc, but I don't have a lot of time to do something else than going to school

and training for gymnastics, but I'm really happy!
