

Hello !

My name is Dominika. I was born in 3th June 1998. I am 17 years old. I live in Dobříš (it is near the capital city of Czech Republic, Prague) with my parents. My dad is a foreign editor. He often travels to different countries and places. In the long term he was working in Warsaw, Bratislava, Brusel and Moscow. For example he also visited Ukraine and Afghanistan. I also have a sister. Her name is Nina. She is 20 years old and she studies at the University LSE and she lives in London. She would like to work in the field of international relations. I've been studying for 6 years at the grammar school of Karel Čapek. I would like to continue my studies at the university, but I have not decided any field yet.

At school I like Literature, History and French. I have lessons of Russian too. I like learning new languages. I attend Music school in Dobříš. I play the flute for four years and I really like it. My favorite music composer is Antonín Dvořák. I love his New world symphony. Sometimes I also perform in school concerts. For example, I performed during the Christmas concert in our castle.

My other hobbies are reading books (my favorite writers are Paulo Coelho, Charles Dickens and Czech authors Milan Kundera) scouts, watching films (for instance Woody Allen) listening to music and meeting my friends. The best way to meet my friends is at the local café, where I started working this year. It is a nice and warm place with great Italian coffee and lots of jazz music.

I have traveled all my life. I was born in Bratislava (my mom is Slovak and I have a half family in Slovakia),

then grew up and started to study in Brusel and I ended primary school in Moscow. Since then I live in the Czech Republic. Every year I try to go somewhere and get to know a new country and a little bit of a new language. Last holidays I visited Paris. It is a beautiful city full of life and culture. I love theatres and concerts. I often go to Prague, where there are many of them and I am thrilled with every good performace. I would like to some day try

to stand on the stage of the theatre.

In this picture I am with my friends from scouts. I am a scout for ten years and I am proud of it. My best friend is a scout too and we have a great relationship between us. We often make trips and we like the nature. We already visited and hiked in many places in the Czech Republic. We also make the trips to other countries. I am fond of crossing mountains just with a big backpack and my friends. I love that moment when you climb to the top and you just enjoy the silence and the view on the nature. The founder of scouting Lord Robert Baden Powell said : “ How I wish I went back to the time when I could wander the nature with people who have the same long step. “

That is something about me. You can find me on Facebook like Domi Syručkova .
