

Hi,

My name is Aneta Wojnarová and I am 16 years old. I joined this project because I want to try new things and meet new people.

I was born in a Prague and now I live in a small town near Prague called Dobříš. I study grammar school in Dobříš, so I go to school by foot and I am very glad about it. My favourite subjects are English, Czech and math and I don't like biology and chemistry.

My family consist of 5 members (my mother, my father, my brother, me and my lovely rabbit). My mother's name is Monika and she is very helpful, so she works as a nurse. My father's name is Jindřich and he is clever and steadfast. When he hadn't had me and my brother, he had worked as a pilot in Czech airlines, but it had taken lots of time so he decided to be a businessman. My younger brother's name is David and in this time he is 13. He studies at the same school as me and he likes playing computer games.

My hobbies include lots of activities: firstly I love pole dance (I have a pole at home) and ballroom dancing, mainly waltz, valse, jive, cha cha and rumba. Fourther more, I did a gymnastics for 8 years. Secondy I enjoy going out with my friends and doing some crazy things.

My other favourite activities are shoping, traveling (my big dream is to travel the world), baking or cooking and eating what I cook (I like pasta, pizza and sweets...lots of sweets, but I hate meat).

Sometimes I'd rather stay at home and listen to music or watch some films and series (my favourite are How I met your mother or The big bang theory).
