

Well, Hi. My name is **Giulia D.** and I come from Italy. I am a full-time **student** and I'm attending a language secondary school. I mainly study three languages: English, German and Spanish. I'm also studying Latin, which I don't particularly enjoy, but this is the last year this subject is provided in my school plan, and I'm very glad for it. My favourite subject is **English**: since I started studying it, I have come to school happier than before.

When I don't study, I am improving my **couch-potato** skills. I don't practice any sport and I don't go to the gym, even though I try exercise a bit everyday.

I like watching **TV series** and my favourite ones are

“Once Upon A Time”, which is a retelling of the most famous fairy tales, “Teen Wolf”, that's

about some teenagers that become strange creatures, such as werewolves, banshees and darachs, and the 90's series “Friends”.

I also really love **reading**. I like nearly every kind of books. My favourite writer is John Green, which is

also known for being a famous American youtuber. I've read every book he wrote and my favourite is without a doubt “Paper towns”. I'm still waiting for new publishing.

I'm not an artist, but I consider myself as a **poetic** and **romantic** person. Sometimes I like drawing

sunsets with my headphones plugged in and my playlist playing or I like to read poetry sitting by the window and watching the moon shining.

I have a real passion for **music**. I don't play any instrument, but I would like to learn how to play the guitar. I don't sing either, if you don't consider shouting in the shower as “singing”. However, I often find myself listening to the same songs over and over again for hours. I think that music is a special way to communicate your opinion, to say something out loud to the entire world. My favourite artist is the Canadian 18-year-old Shawn Mendes, who also started his career singing famous hits covers on the Youtube platform.

I have been abroad just twice, but I love journeys and I hope that one day I will be so lucky to find a job which offers to **travel** the

world. I love learning new things of other cultures and I hope to go to Australia, Ireland, United States, France, Japan and more.

I have a few **friends** and I am very close with some of them. We go shopping, to the cinema, to play bowling (even though I have to admit I am definitely not the best player of the team), but what we most like doing is spending our Saturday evenings going out and chatting for hours about nothing in particular.

I define **myself** as a kind and nice girl, but my most evident flaw is that I'm very moody. I'm also anxious and I stress out about everything, but at the end of the day I enjoy life as it is.

Hi, my name is **Maria** and I'm 15 years old.

I live in a little town called Ozzano and it's a little boring but fortunately we are near Bologna which is a city with a lot of shops, bars, cinemas.

I play football in a feminine team and we train twice a week and we play matches on Saturday.

I take singing lessons in a music school in Ozzano once a week; I've been singing for 5 years and I love it.

In my free time I like watching TV series like Teen Wolf but I also like watching videos on YouTube about everything.

I love listening to music and one of my favourite singers is Shawn Mendes and one of my favourite bands is Twenty One Pilots.

I also like going out with my friend and we usually go to the cinema. We saw Suicide Squad two weeks ago and I adored it, but sometimes we just go for an ice-cream together.

But one of the things that I most like to do is going shopping and buy all kind of things.

Hi there, I am **Simone**, I am 15 and I come from Imola, a city near Bologna.

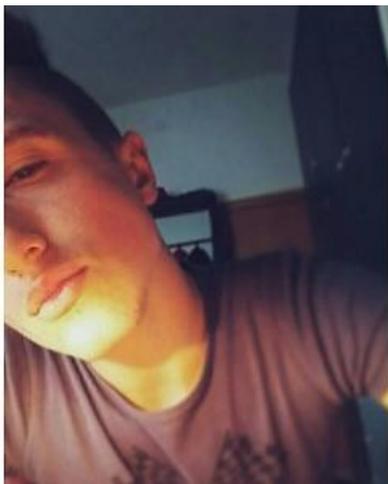

I attend the second year of a High School specialized in modern languages.

In my classroom we are 27, and 22 of them are girls! Too many, too much noise ahah! But

I always get on well with them all, especially with the 4 boys.

I have been playing basketball since I was 6. That game is my life and I can say my team and I are quite good. We are a great team and we get on well.

I usually have trainings 5 times

a week and I have little time for studying :(

I am funny and I have a lot of friends and I hang out very often with them, I am also kind and generous...what more? Ahah :)

During my free time I like going to the "court", where I meet my friends and we usually play football or soccer.

While on Saturday night I like going to the disco.

Bye bye from Italy!

Hi! How are you? I'm glad you are reading my presentation.

I am Simone and I'm 15. I live in Dozza, one of the most beautiful towns of Italy, but I come from Imola. Maybe you know the city thanks to the race-track Enzo e Dino Ferrari. I have two brothers younger than me and a cat, Lola.

I attend a high school specialized in modern languages. I study four languages: English, German, Spanish and Latin. The school is not easy and it requires a lot of time and commitment. I always listen to pop music while I do my homework.

In my free time I like to go out with my friends, and go for a walk with them. Every day I spend some time on social networks and chatting services. I have liked swimming since I was a child and I go to the swimming pool once a week at

the moment.

I have subscribed to National Geographic, because it's an interesting magazine. I've been playing the saxophone for some months, but I don't like it very much.

I'd like to become a translator, but I like journalism too. However, the future often offers surprises.

Hi, I am Thomas and I come from Imola. I am attending the Alessandro da Imola Lycée which is specialized in modern languages. I chose this school because I love languages and I also love travelling. So, I thought this was the right place where to learn what I like and have the possibility to visit other countries.

I would define me as a kind person and in general also quiet. Sometimes I am a bit stubborn, but only when I know to be right. Unfortunately, I am also really touchy. It is my weakness. However, when I can I always try to help my classmates and friends. I am generous, and my friends think I am really pleasant. I like making people laugh, especially when they are sad.

My biggest passion is football. I couldn't live without, but unfortunately I cannot play it. I can only swim, but I don't like it. In winter I also used to go skiing. I also like listening to music, most of all when I am sad. In my free time I like to hang out with my friends. We generally go to the shopping centre or to the town centre, because I like shopping. But we also like playing football together. In summer I also like going to dance in a discotheque, or to go to the swimming pool with my friends.
