

ME AND MY FAMILY

Hello! My name is **Sonia**, I've been living in Imola since I was born, on the 24th December 2000. I'm quite tall, not to slim; I've got long brown hair and green and brown eyes. My family is made up of four people: me, my sister Sara, my mum Siliana and my dad Roberto. Sara is 9 and she goes to the elementary school in Ponticelli; my mum works as an employee in an office like my dad. She's 36 and he's 39

MY SCHOOL

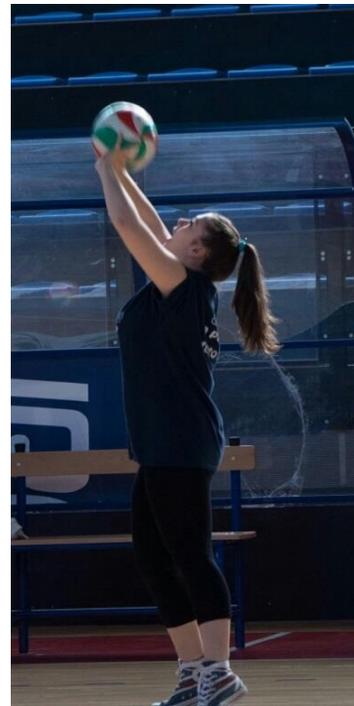

I'm attending a high school in Imola, called "Alessandro da Imola", I am in the second year of the language course. I study English, French and German; in the first two years I study also Latin and from the third year we'll begin to study philosophy.

My favourite subject is French; I've started studying French in middle school and I immediately loved it. The subject that I hate is Italian and I detest also writing essays.

I LOVE SPORTS

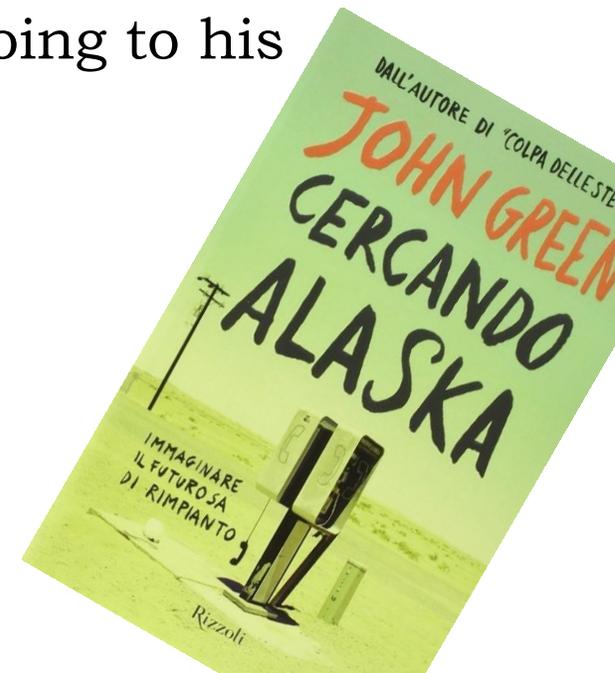

I played lots of sports like climbing, boogie-woogie, football, fencing and swimming, but now I only play volleyball. I started playing volleyball when I was 9 and now I play in the “under 18” team in first category. I’m the setter of the team, I do four trainings every week and one or two matches at the weekend. I love playing volleyball with my team because we are tied up by a strong friendship and nothing could separate us.

WHAT I DO IN MY FREE TIME

In my free time I watch TV or I play games with my sister. I like also reading love and horror stories ; my favourite book is “Founding Alaska”, written by John Green.

When I’m stressed, angry or tired I listen to music lied on my bed. My favourite kind of music is disco and electro music; if I’m sad I usually listen to commercial Italian music such as the songs by Tiziano Ferro or Nesli. My favourite singer is Lorenzo Fragola and soon I’m going to his concert in Nonantola.

Hi! I'm **Jessica**, I'm fifteen years old and I live in Conselice, a small town near Ravenna.

My family is composed by four people: I have a brother, Omar, he is twenty years old. My mum, Annalisa, who is fifty-one years old; she is an employee and she works in my father's firm. My father's name is Giuliano and he is fifty-four years old.

I also have a dog, Wendy, she is a wonderful Labrador puppy, in fact she's only seven months old!

I like going out with my friends and taking a walk with them. I like listening to all kind of music and spend time on the net. I usually spend my Saturday night with my best friends going to the cinema or staying at home. I play the accordion, I started playing it because my grandfather left me one.

I would like to become a fireman because I love helping other people!

Introduction

Hi! I'm **Anna** Cristofori and I'm 14 years old. I've been living in Imola, Emilia Romagna, since I was born. I attend a high school specializing in languages in Imola, and I'm in the second year. I chose this school because I believe that communicating with people from other countries is amazing. I would like to find an interesting job, maybe abroad, but I haven't a clear idea yet. I'll take my time. 😊

My family

My parents are divorced, but I stay with them both. I've a sister too. My mother, Claudia, is 41 years old. I have a good relation with her, but sometimes we argue, also for trifles. With my father, Renato; it's different. I really enjoy staying with him, because we understand each other perfectly and we rarely quarrel. I love them, despite their shortcomings, because they are responsible parents and they love me a lot, and I'm grateful for this.

My sister, Laura, is 19 years old. I've had a complicated relationship with her since we were children. Sometimes we love each other, but in most cases we fight and argue all the time! In this period we see each other seldom, because she has to work and when she doesn't work she goes out with her friends or her boyfriend, so when we stay together we try to get on well. We have two very different characters, maybe because of our zodiac signs. I'm Capricorn and she's Pisces.

Me, in and out

I'm quiet, kind, I try to be helpful and reliable. I can say I'm also honest, sincere and sensitive. I admit it, I have also a lot of weaknesses: I'm pessimistic, easily-offended, jealous and stubborn. I'm also a bit absent-minded and no self-confident. Sometimes I can look shy, but after getting to know a person I can be very outspoken and friendly. As regarding my exterior appearance, I can describe myself as enough tall and slender. I have dark brown hair and my eyes are a mix between green and brown.

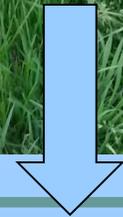

My hobbies

In my spare time I usually go out with my friends, I read, or I listen to music. I think friendship is very important, because we are made not to stay alone, and spending time with people who make us happy is wonderful. When I'm alone, I love reading; in my view a book is like another world, where you can take shelter and imagine another reality. I read all genres of books actually, but I had a period in which I preferred fantasy romances. Regarding music, I love rock and pop, but I haven't a favourite singer or group. When I was 12 I was totally obsessed with metal. Yes, I don't look exactly like a head-banger!!

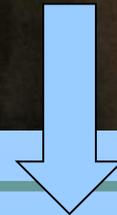

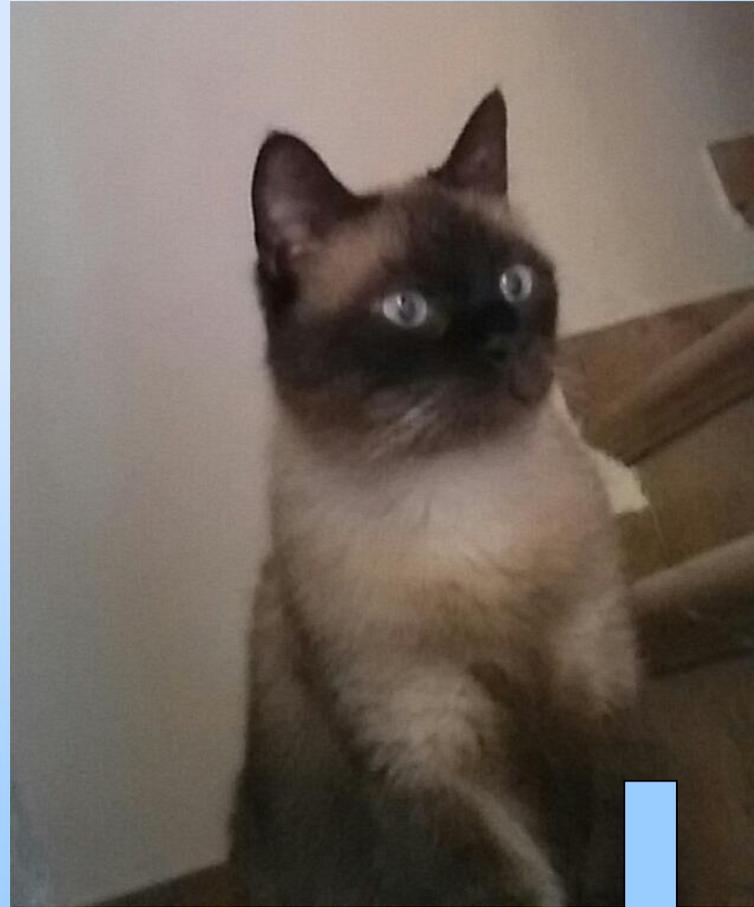

I listened to heavy metal for a while because I was fascinated by it, but now I prefer something more soft 😊

Sometimes, I train in the gym with my best friend, and I do horse riding. I love animals, in particular horses, dogs and cats; at my father's home I've got a beautiful German Shepherd, Zara, and a fat Siamese cat, Gigi. I enjoy hanging out with my friends, riding a bike and also swimming.

Furthermore I adore spending time in the open air. I like the countryside, mountains, lakes and also the sea, but I can't stand cities. They're too chaotic and stressful! They're good only for shopping.

My opinions

I'm not too interested in fashion, in fact I dress casually and don't have a particular style. However, I want to be enough good looking, and I take care of myself. I don't like snobbish and pretentious people, I'm convinced that real beauty is inside a person, and you can't judge someone just for his / her appearance.

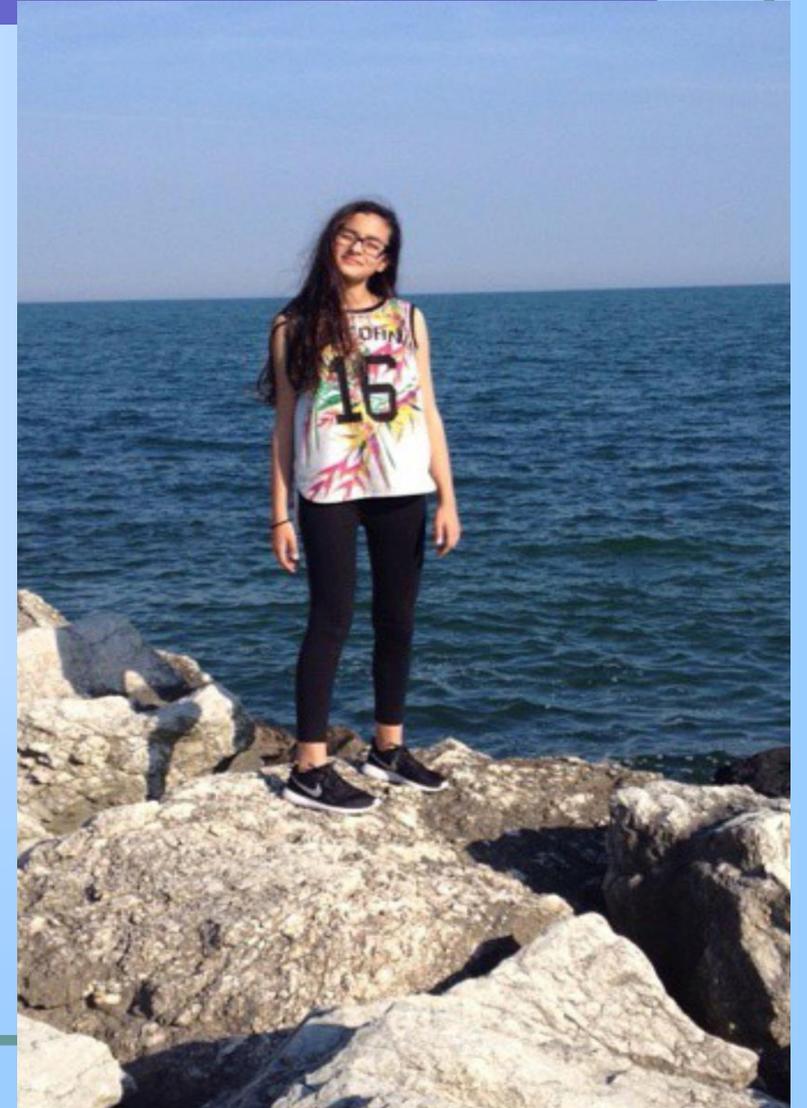

That's all for now
