# Who am I?

Hi guys! I'm Giulia, Giuli for friends. I'm 15 and I'm a creative girl.

I'm tall and thin, I've got green and I'm blonde, but differently from Matilde I've got long hair. I hate my nose too, because it's too big that people could sking above it.

I have been a volleyball player since I was 8 years old and I'm also a scout.

I'm quite shy but I try to make new friends, I like joking, particularly with Matilde, because she's my deskmate.

I'm potterhead.

I love reading and my favourite books and films are Harry Potter and Hunger Games.

I'm very untidy so I lose my things very often. I love laughing, chewing bubble-gums, and eating hamburgers, chocolate (of course), French fries, ice cream...

When someone sees me always says: "OMG, she's too thin, she has to eat more...blah blah" but guys, trust me, I eat even too much.

My parents are divorced. Three days a week I stay with my dad in Imola, and the other four days I stay with my mother in Castel del Rio, a small village near Imola. I travel a lot with them, especially with my mother. We like visiting European cities, but my favourite city in the world is New York City, the big apple.

My brother and I

I play tennis and my idols are Novak Đoković and Serena Williams. In general I like every type of sports, but particularly I like watching basketball matches a lot! I'm quite tall and thin, I've blond hair and green eyes, I don't like my nose and my mouth, because when I smile I don't like myself (I look like a mentally retarded).

I'm sociable and I like joking with friends but I'm shy with people that I don't know and sometimes I feel crazy!! I love making mess, and I'm a little bit untidy. I like reading books and watching movies. My favourite movies are Harry Potter saga, yes I'm a Potterhead, and I've read all the books, but I like action and adventure movies too. My favourites TV series are The Big Bang Theory, American Horror Story, Game of Thrones, The 100 and Teen Wolf. I LOVE DYLAN O'BRIEN!! He's MINE! He's so handsome and funny! I like hanging out with friends, chatting and kidding.

# Who am I?

Hello! My name is Simona and I'm 15. I was born here in Imola and I live here too. In my spare time I like listening to music, in fact I listen to it whenever I can: when I go to school, when I come back home and even when I do my homework. I like pop music but also rock and blues. I love the sound of the 80s and 90s and I like to find new kind of music and look for new singers. I can play the flute but I would like to play the piano in the future. I also like going out with my friends especially on Saturdays, going for a walk or just hang out with them.

I like going to the cinema with my friends, but I prefer going there with my father because we share the same passion for Science-fiction series and films and we like to talk about the film and the actors after watching one. I like sports and I watch it on TV. I love watching tennis and I don't miss any important match. I play fit-boxe twice a week. I like this sport because I think it's rhythmic, technical and powerful and I can relax kicking the punching bag. I like the school and I like studying. My favourite subjects are English and Spanish. In my future I see myself running a successful business on art or music and I would like to use English in my job.

I live in Imola with my family. It's composed by my two sisters and my parents. My elder sister is 19, her name's Elena and she studies at university. I hope that she can find a good job in the future. I get on very well with her and we pass the most of the time together. We like to listen to music and going out together with her fiancée too. The other one is Vittoria and she's my twin. She studies in another school in Riolo Terme. We are very similar outside but we are the opposite about character. She is a chatter box, she's always happy and positive while I'm the serious, reflective and the pessimistic of two. Anyway we feel the same emotions and we feel bad for each other when one of us doesn't feel good. When we were little we liked to wear the same clothes to confuse people and sometimes we still do it! We have the same opinions almost everytime. We share the bedroom and we stay together 24 hours a day. At the end I have a good relationship with my parents and they help me whenever I can. They are the best.

(SORRY BUT I COULDN'T FIND ANY PHOTOS)

Another hobby is drawing and my favourite painter is Vincent Van Gogh, and my favourite picture is "Starry night", because the principal colors are blue and yellow and I love painting technique of Van Gogh.

# Who am I?

Hi! My name is Julia, I'm 16, I'm from Poland but I have lived in Italy since I was 7 with my parents and my sister. I've got blonde hair and blue eyes, I'm not very tall. I think most of the time I'm kind and generous with other people, but if I don't like someone, I can't hide it. I like sincere people. This is my second year in Alessandro da Imola high school, I think it's okay, I study what I always want to study, languages. My favourite subjects are English and Italian, but I don't really like Maths because I always have problems to understand it.

I have practised Ballet since I was 9, and I love it because dancing makes me happy, but sometimes it is really difficult and you have to do a lot of work to be good. I have a show every two years with my school and sometimes I do some competitions, it is a little stressful but at the end it is always a big satisfaction. In my free time I like reading and writing and sleeping (I sleep a lot). I love listening to music (specially rap) because it really relaxes me and when something goes wrong, listening to music is the best way for a smile.

I love going out with my friends, because they always make me laugh and we always have a good time together. Usually we go to the cinema or to the disco. Sometimes we gather in one of us house and we watch a film or we just talk about this and that. I really like watching films, about everything, mostly about love or about daily problems, in fact my favourite films are "The Notebook" and "Love, Rosie". I love drinking coffee or tea, eating Polish food (because I don't eat it really often) ,going to long walks and my idol is Cara Delevigne because I think she's perfect in everything.

I live in Italy with my parents and my sister, the rest of my relatives live in Poland so I can't see them really often, I go to Poland during the summer or during Christmas holidays. I miss them so much. I've got a dog, his name's Gipsy, he's a Shih tzu and he's 5. He's a friendly and quiet dog. He always wants to play with his ball and he's always hungry (like me). I think I've told everything so... Bye! Nice to meet you guys :)

**SEE YOU SOON!**
