

I am... Emily

I'm a fifteen-year old girl and I was born on 30th May 2001.

I live in Imola, near Bologna, with my family: my parents, my younger brother and my grandparents; I have a dog too.

I attend a high school specialized in modern languages, I study English, French, German and Latin.

I define myself a lazy girl but with lots of passions. I love dancing, playing the piano, creating objects with fimo or polymer clay, painting my (and the others') nails or my friends' nails. I like speaking English, taking photos, going to the cinema and reading a lot.

My favourite genres are fantasy, thriller and romance, and my favourite saga is Shadowhunters written by Cassandra Claire (have you read it!).

I have long blond and straight hair and dark eyes with long eyelashes.

I'm not very tall but I think this is luck, as I love high heel shoes.

I am a very shy and sensitive girl, but strong and stubborn too. I like to obtain what I want and I work for it and I am often successful. Sometimes I am obliged to reach compromises.

I think I cannot live without ice cream, the sun and travelling. I need brightness to become really happy.

My greatest dream is to visit New York and feel all its charm and its enchanting atmosphere.

My purpose is to learn English perfectly well and have a job that I like and work in a sunny place.

I think my life will start when I'll visit New York the first time. I'll do everything to make it memorable and absolutely wonderful.

Hi! My name is **Lisa**, I'm 15 years old and I live in a small town near Bologna called Castel San Pietro Terme.

I'm a student and I'm attending the second year at a High School specialized in modern languages in Imola called "Alessandro da Imola". I really like speaking to people of different nationality and I enjoy to learn new vocabulary or improve my knowledge about other cultures, that's why I chose this school.

I would like to finish my school successfully and then I'd like to begin the University, but after that I don't know what I will do yet.

Now I'm attending a High School specialized in foreign languages and in the future I'd like to travel around the world.

My hobbies are listen to music and also singing. I play the piano, I often cook and I dance Latin American songs.

In my free time I always go for a walk with my friends or with my boyfriend and I also go to the gym, in the evening and usually in summer I prefer going to the pub or to the disco.

I love eating Chinese food but pizza is my favourite.

My family is made up of three: my mum, dad and me.

My parents are divorced and my mum is looking for another house in Castel S. Pietro.

I live with my mother. She is very friendly and she is always smiling.

Hi! My name's **Bianca**, I'm 15 and I live in Castel Guelfo. I'm not Italian, I'm Romanian but I have lived in Italy since 2003. At first I lived in Bologna, but when I was 8 my mum, her husband and I, we moved to Castel Guelfo. Now I'm attending high school in Imola. I like languages but to be honest I also chose this school because I didn't know what else I could do and this seemed the most appropriate. I finish my daily lessons usually at 1 p.m. or 12 a.m. but I arrive home at 1.45 p.m. When home I have lunch and then usually I sleep because I need a rest and I think I couldn't do any homework right away. At around 4.30 p.m. I get up and I do my homework but it usually don't take long, I don't pay very much attention in doing it. I should be better. I'm happy if I can have free time to things that I like. I have a lot of hobbies which I work on depending on my mood. There are two things that I would like to do whenever I could: writing and reading. I love writing because it allows me to express every thought that I have throughout the day, and it's a way to ponder about the things that happen to me. And I love reading which I think it is a good way "not to be carried away". Besides this I also like going jogging; I also search on the internet some physical exercises that I then do on my own at home. Especially in the week-end I hang out with my friends. Lately I am having a hard time and only a few people are able to stand me. Usually with my friends I'm always plainspoken but also helpful, I think a quality of mine is that I'm always balanced, I recognize when I'm wrong and usually in this situation I shut up without complains. If I'm sure I'm right no one can prevent my complaints. I always try to do my best.
