

Hello,

my name is **Eliška Bumbová**. I am from Czech republic. I live in small village Ouběnice with my mum, dad and sister. We live in a yellow house with a garden and swimming pool. We have a dog Benny and rabbit Eda. Our dog is very clever and playful. Often with him, going for walks in the woods and play with him. My sister's name is Štěpánka and she is the best and I love her very much. She is very friendly and cheerful. She is studying at the secondary school of nursing. She listens punk music and she is a vegetarian. We spend a lot of time together.

Now something about me. I am 16 years old. I go to school to Gymnasium Karla Čapka in Dobříš. My favourite subjects are Music lesson and Biology. I have red hair and green eyes. My hobbies are playing the piano, skiing, singing and swimming. I play the piano for 5 years. I want to be an actress or a teacher. I love food, the most chocolate, vegetables and fruit. I like to bake cakes and decorate it. I like travel and I visited a lot of countries. For example Italy, Croatia, Spain, France, England, etc. Every year I go with my family to the mountains, because we love skiing. My best friend is Christina. She's hobbies are running and cycling. She lives next door to our house and we go out together often.

In our village are volunteer firefighters and I'm one of them. We go to competitions together, and we enjoy a lot of fun. I do it since six years. Now I run for the team women and in 2015 we were on the contest the fourth.

I go to Scout since 10 years. Previously as child today as leaders. I lead girls from 6 to 12 years. Our retinue is called Dandelion. Every year in summer we go to camp. Children learn about nature, animals and the Scout, but also play a lot of games and enjoyed every moment.
