

My name's **Chiara** and I'm 15 years old.

I attend a high school in Imola, a town near Bologna.

I live in Castel Guelfo with my parents and my little brother, who is only six years old. His name is Cristiano, we often quarrel but I love him.

I practice roller skating three times a week for two hours and I love it, but I hate other sports such as volleyball, football, swimming. I don't like sport in general, except for skating.

In my free time I like going out with my friends, reading or watching TV. I love watching television: my favourite TV series is called "Teen Wolf", but I like also "Merlin", and my favourite movie in this moment is "Suicide Squad". Usually, I read adventure or fantasy books.

My favourite colour is the green and my favourite food is pasta.

I have many friends, but my best friend is Martina. I love her: she is so nice and she's always close to me when I need her. I love music and my favourite singer is Beyoncé, but I also listen to other kind of music, I love rap.

I'm almost always happy, and I think this is the best thing of my character, I'm confident and I can find the positive in everything, but I'm impulsive, touchy, jealous and a bit selfish. I have been a scout since I was nine years old and I like it very much. When I'll grow up I'd like to become an actress, because I like playing and acting on stage, not only in Italy but also abroad.

Hi! I'm **Sara** and I'm fifteen years old. I live in Imola, near Bologna. But my parents are from Puglia.

My family is made up of my mother Michela, my father Giacomo and I. My mum and I have the same character, so we argue a lot because we are both hardheaded!

I'm attending the second year at 'Liceo Linguistico' and I study English, French and Spanish that is the language that I like the most.

Let's learn something about me...

I'm a sensible person. I always need someone who gives me the energy to do something new, because I'm a little bit lazy. I love sleeping, but I also like the night. During the night I think about my life, my future. Some days I look positive, and others I don't. I am a moody person!

This summer I've met a lot of new people, with them I've spent all of my holidays. With them I've laughed, travelled, danced, played cards. We always play cards, we love it! In the morning we went to the beach by train and we returned in the evening, this is how the holiday has flown.

In my free time I like going out with my friends, practicing sport, listening to music. I don't have a favourite singer or band, I like any kind of music. It depends on how I want to

listen to. Usually I like pop music and singers like Cold Play, Rihanna or Justin Bieber.

*Hello everyone,*

*My name is Alessia Viola, for many Italian people it is difficult to distinguish which is the name from the surname as Alessia and Viola both can be names.*

*I was born in 2001 in Imola, so I'm fifteen, but since I was three months I live in Borgo Tossignano, a small village near Imola.*

*I don't really like this place because I think living here is quite boring, in fact when I want to go out with my friends we meet usually in Imola or Bologna.*

*I live in a flat with my family: my father Nicomede, my mum Domenica and my brother Fabio who is younger than me in fact he's twelve.*

*I like spending time with my family even if sometimes we argue, especially with my brother, but I think it is normal, and although he makes me angry, I love him.*

*Talking about me, I can say that at first I can look introverted and shy, but if I get to know the person and I know I can trust him/her, I'm totally different and my friends say that I am nice, sincere and loyal.*

In this picture, I'm the girl on the left.

*I am a bit jealous of the people I care about. Sometimes I am insecure which prevents me from doing what I really want to do.*

*I have only a few real friends, I think it is useless to be surrounded by boring and false people. I love talking with my friends, go out and have fun with them.*

*In my life I have tried many different sports including artistic gymnastics, that I've been practicing for four years, and for a short period football but now I don't practise any sport even if I'd like to do something.*

*When I stay at home, in my spare time, I like reading only love stories, watching movies, chatting with my friends and listening to music especially Rihanna who is my idol because I think her songs are amazing, her style is cool, she has unbelievable voice and she's a perfect goddess: I love her.*

*This summer I was in Turin to her concert and it was wonderful: I hope she will return soon!*

*I'm attending "Liceo Alessandro da Imola" a secondary school for languages because*

*I'd love to learn English, Spanish and French well so I hope I will work abroad, but sincerely I don't know what I will do after school.*

One of my favourite places in Campania

*When I'm older I would like to travel the world to meet many people, discover new cultures and visit new.*

*Greetings from me*

Hi!

My name is **Beatrice**, but everyone call me Bea. I'm 15 years old and I'm Italian. Now I live in Borgo Tossignano, a little town in the province of Bologna, Italy, but I was born in Imola in May 2001. I like living in Borgo because I know almost everyone and it isn't noisy such as big cities. I live with my parents, but I also have two older sisters that live with their families. I've got a cat called Molletta.

I'm a student at Alessandro da Imola and I'm attending the second year. I'm studying three languages: English, Spanish and French. I chose this school because it's formative, interesting and it can give me a complete education; I like languages, so it's the perfect school for me!

I'm not very tall nor thin, I have a thin mouth and a little nose. I have long brown straight hair and green eyes. I haven't dark skin nor a pale complexion. I'm a bit shy, calm and enjoyable. I'm very precise, kind and a bit stubborn.

I do artistic gymnastics here in Borgo Tossignano three times a week: on Tuesdays, Thursdays and Fridays. I really love this sport because, when I do my

exercises, I feel free and I have no thoughts. In my free time, I love listening to

music and hanging out with my friends: we usually go to a café called "La Buca" to take an Estathé or an ice-cream. I also like taking long walks in Borgo hills with my parents. I hate playing football, because I prefer playing volleyball or beach tennis in summer with my father. In summer I

usually go to the beach on the Adriatic coast and I spend three days at the Garda Lake with my parents, one of my friend and her parents. Like everyone, I love pizza and fried chips: they're my favourite food.

I'm not sure about my future career, but I want to travel the world interacting with different people and discovering the most suggestive places in the world and also here in Italy, because we have a lot of amazing cities.
